WE DEDICATE THE 1951 CARDINAL TO AL WHITCOMB

FOR YEARS OF SERVICE

as an outstanding coach in The Boys' Physical Education Department at Whittier High. We salute him for his depth of understanding of the needs of the young men with whom he has worked.

FOR YEARS OF SERVICE

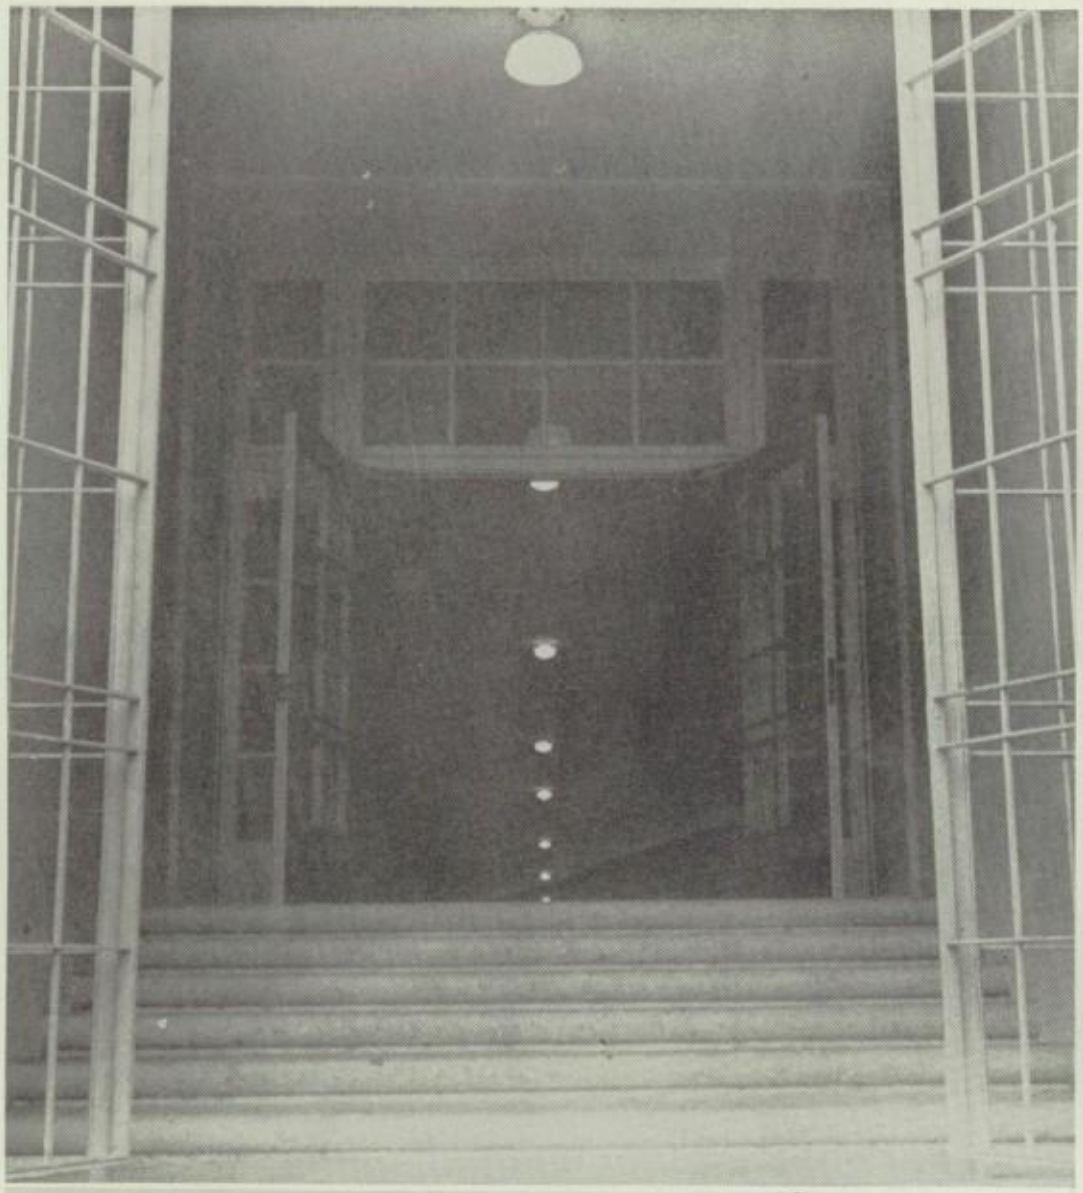
as an instructor in First Aid—a course which he initiated here in the early thirties. Through his interest and efforts in this field, much prestige has come our way.

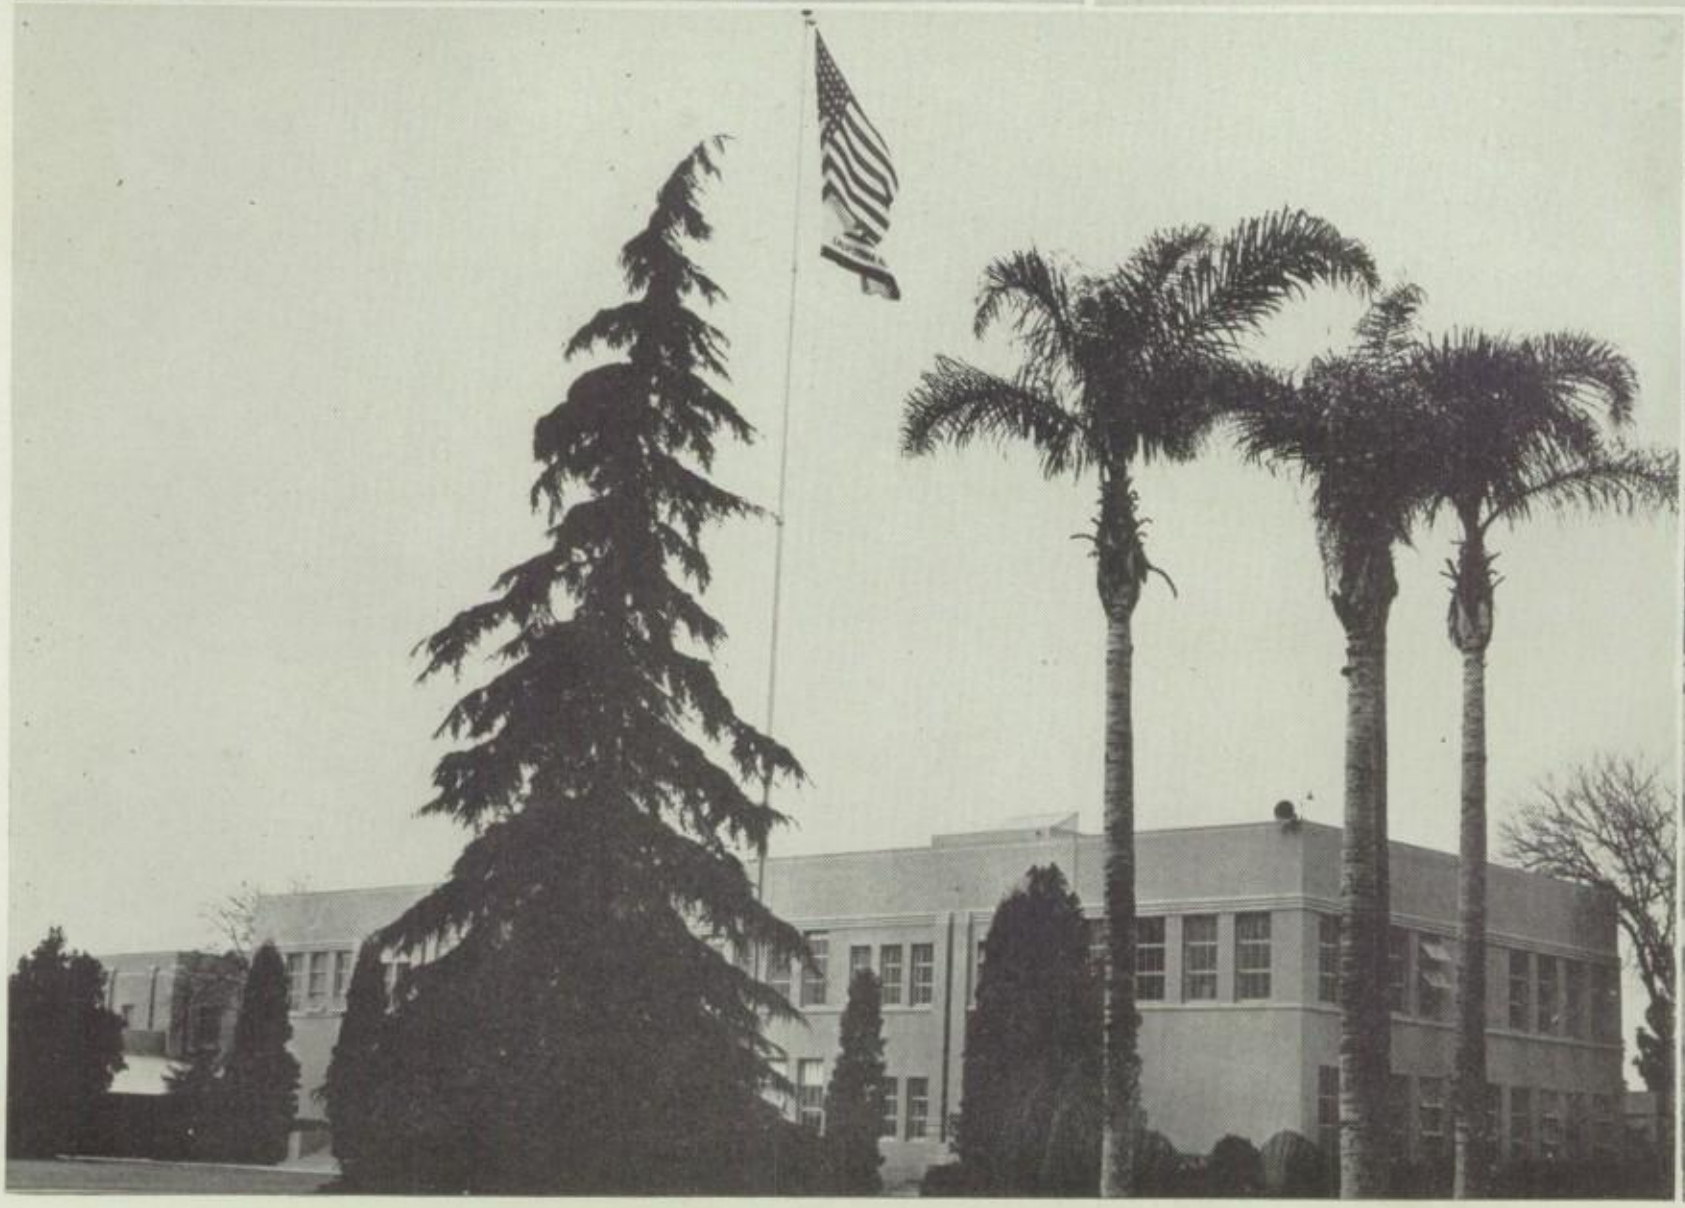
FOR YEARS OF SERVICE

as a friend and counselor to the many boys who have sought his guidance in solving their numerous problems.

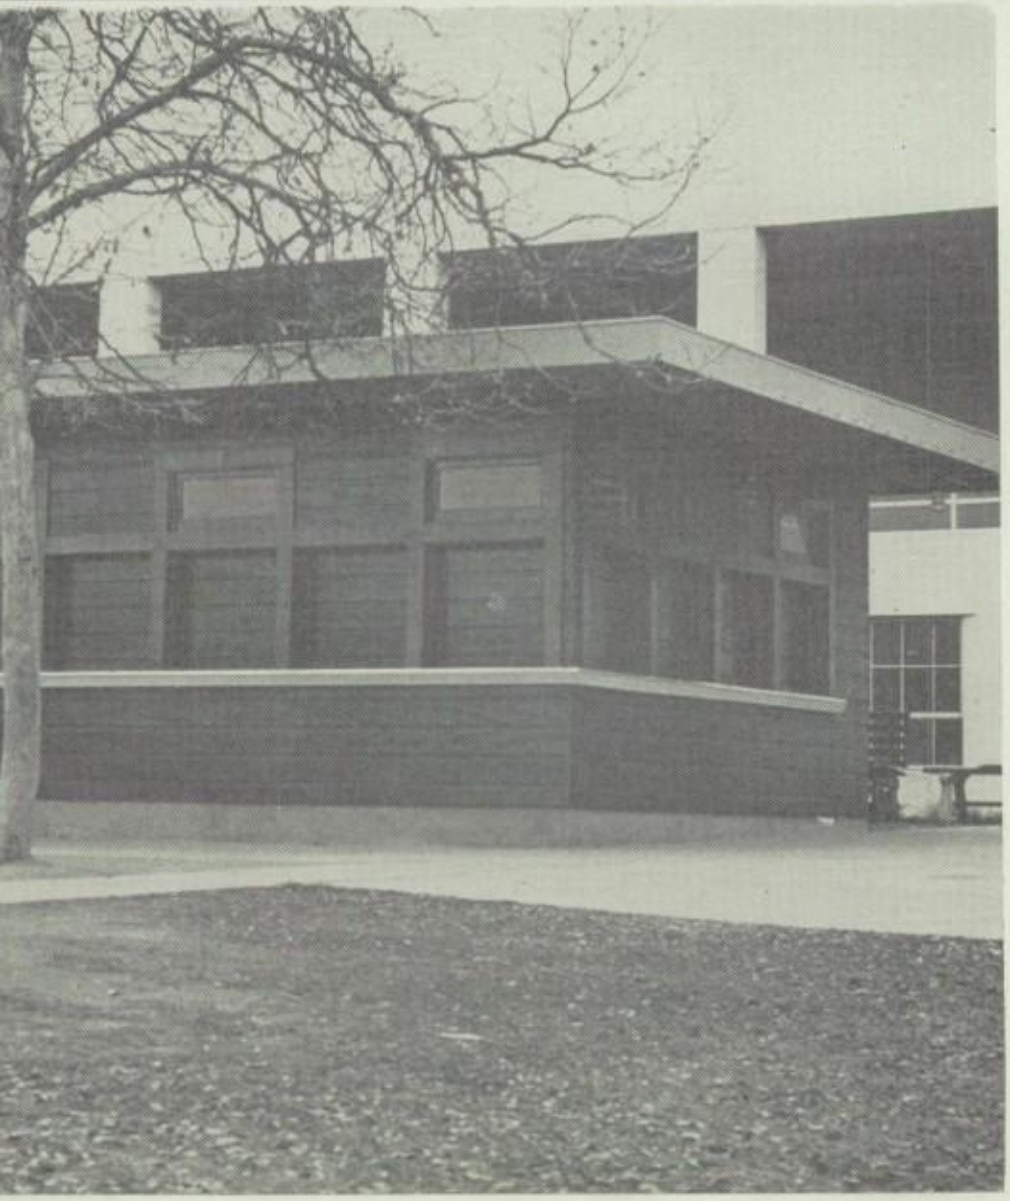
FOR THESE 27 YEARS OF SERVICE

in the interest of young people. The 1951 Cardinal Annual Staff offers this book as a symbol of the appreciation we express to him from Whittier High students, both past and present.





UPPER LEFT—Entrance to the Administration Building. MIDDLE—The Flag of The United States. UPPER RIGHT—Our quad during lunch. BOTTOM LEFT—The Corner of the Science Building. BOTTOM RIGHT—The Snack Shack.

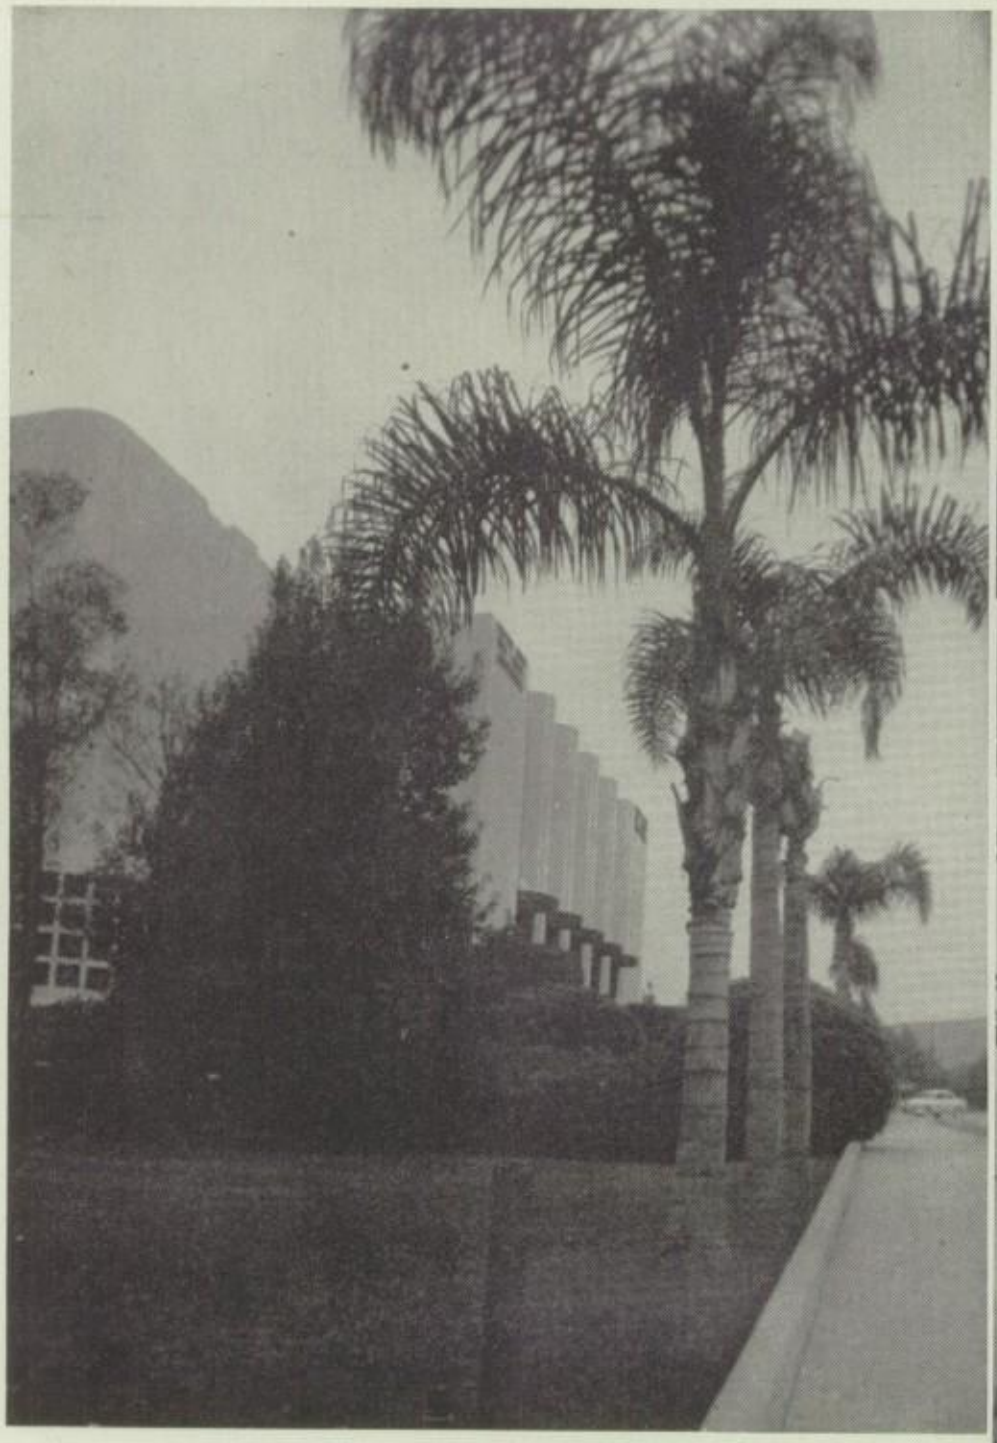


WE REMEMBER

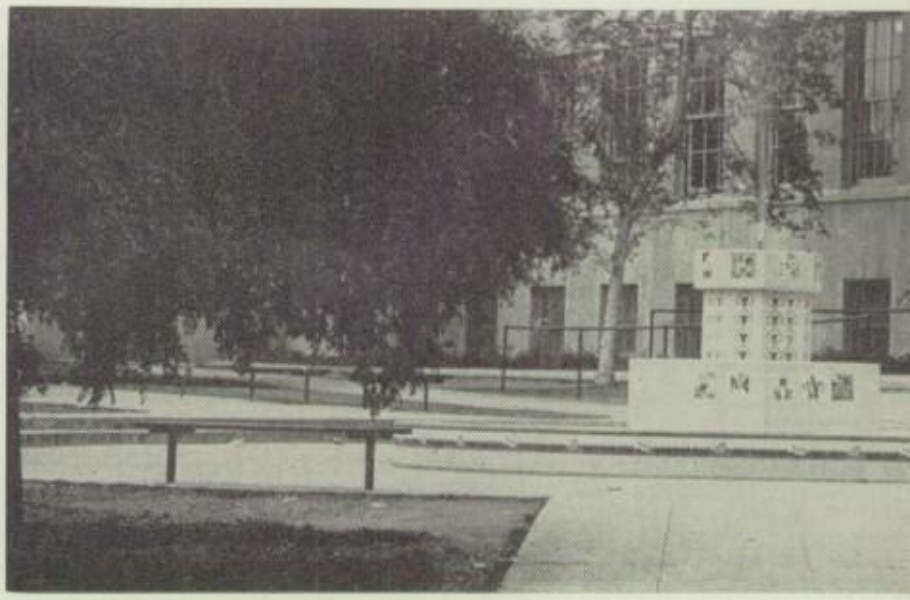
JIMMY CASTILLO

Sing clearlier, Muse, or evermore be still,
Sing truer or no longer sing!
No more the voice of melancholy Jacques
To wake a weeping echo in the hill;
But as the boy, the pirate of the spring,
From the green elm a living linnet takes,
One natural verse recapture—then be still.

Robert Louis Stevenson



THE FUN AROUND THE



Upper left you see the auditorium, the most important building for community gatherings, not only to the student body, but also to the rest of the people of Whittier.

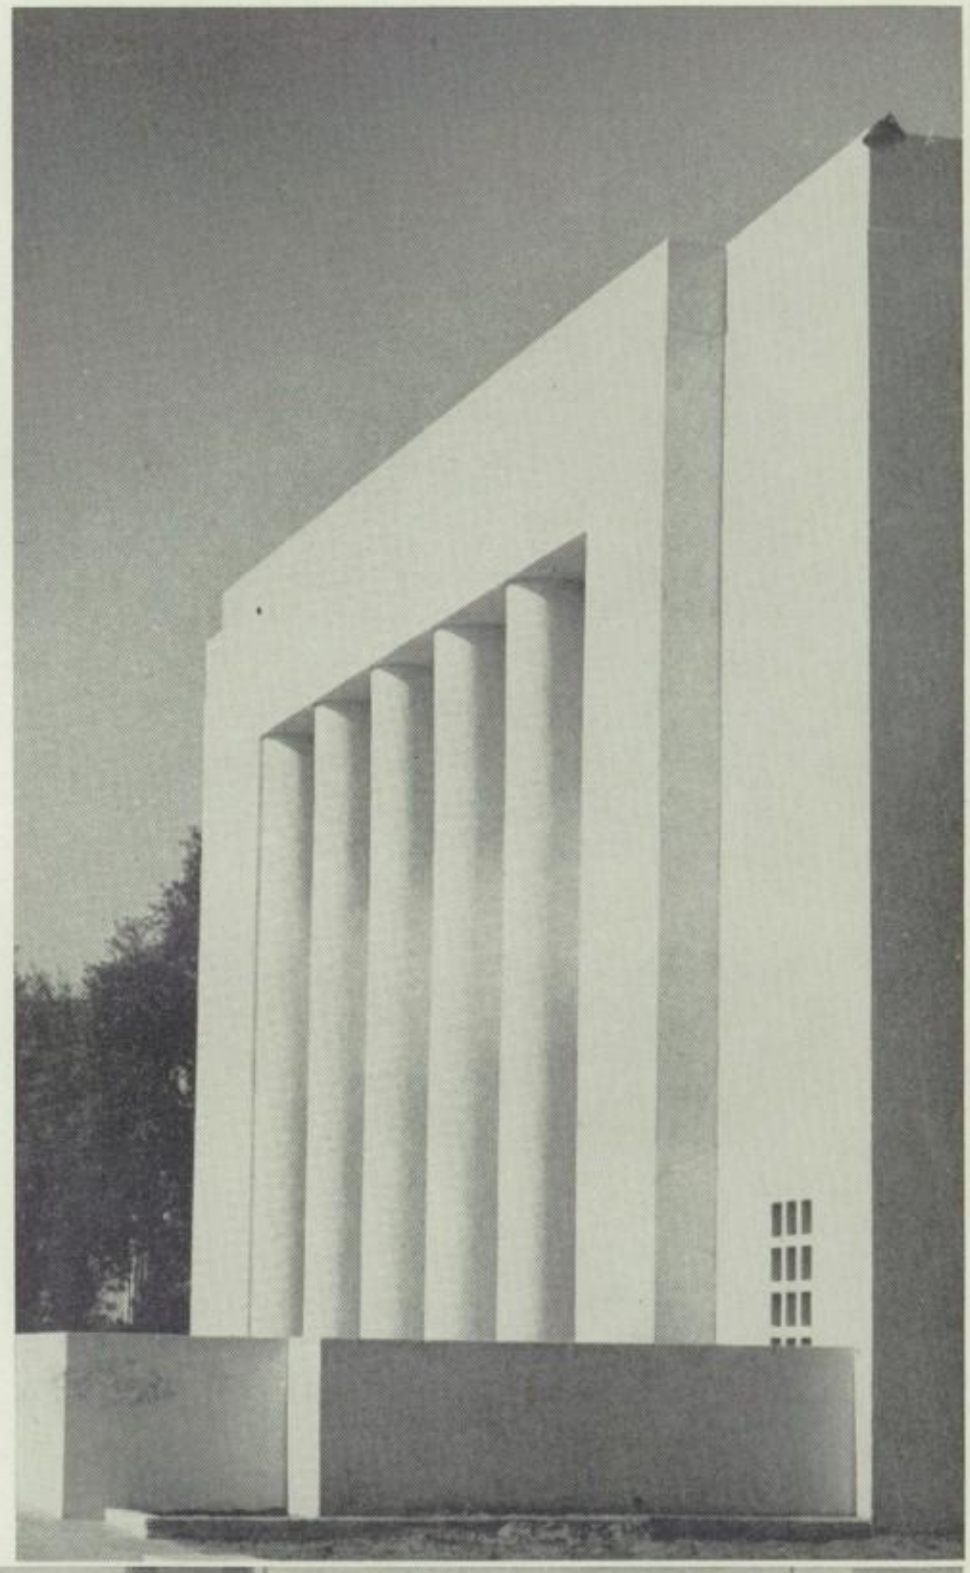
Upper right you see the book store. This building is a fixture on campus for those poor students that are constantly losing their books. Everyone is very understanding about such cases.

There is no need to advertise the administration building. This edifice is a permanent part of campus life. It is the home of the daily bulletin, the attendance office, activities office, guidance, and the offices of the administrators.

To the right you see the new school library that was just opened to the public this year. It is completely modern, yet it has a beauty that does not make you think of the regular sense of modern art.

Bottom right is the inside of the library. More particularly the main desk, where the more studious ones check out books. It is only one example of the beautiful architecture in this building.

Bottom left is the fountain in the quad. Not only is it well known, but well used.



CAMPUS

THE ADMINISTRATORS WHO

A visit to Freiburg, Germany, during the summer of 1950 gave me the opportunity to meet personally many of the students and teachers of the Freiburg schools. That personal contact has made this year's work with our students and teachers who have been exchanging letters and projects with Freiburg people all the more interesting.

Exchange of letters and projects with those in foreign lands should help to bring about greater understanding which is so urgently needed today.

We hope that you who are graduating have become equipped with the fundamental skills to be successful as individuals and that you will be able, because of what you have learned in school to guide a world which can eventually maintain peace.

Mrs. Marian W. Hodge
Vice Principal

The year 1950-51 may be regarded as one of great turmoil wherein momentous problems were presented, some to be solved, some to continue unanswerable to mankind. Here at Whittier High many problems have confronted us, some too have been unanswerable. Probably the best advancement in student welfare has come about through the completion of our Snack Shack. Instigated by students, planned by the students and built by students the Snack Shack and the nutrition period are regarded as outstanding contributions to our school functioning. Plaudits and congratulations to the student body for this pleasant addition to our school growth.

Harold S. Widney
Principal

Congratulations and best wishes to the graduating class of 1951!

You can look back on your four years here at Whittier High at this point of your life with a keener memory than you will many years from now.

As the years fade away and occasionally you look back from the vantage point of the years which intervene, we trust you will be able to say "Those were among the best years of my life."

However interesting it is to look back, it is perhaps more important now to look ahead. I trust that these next years ahead will each become "best" years as you go on to contribute to the community and your own life.

What you ARE, not what you possess, will make the real difference when the spotlight and the strong glasses are turned on you by people everywhere. We hope you will always be able to say "I did my best."

job. They always handle the

to the job they had a new
school to plan, and get into
shape.

These, then, are the hard-

our school.

Mr. R. Lee McNitt, Jr., President of the Board of Trustees.

THE P.T.A. WHO GAVE US THEIR TIME

This year the Parent-Teacher Association has done its usual wonderful job.

They sponsored the after-the-game dances, and we would really be lost without them.

"Back-To-School Night" was only one of the many projects that helped bring about better relations between parents and teachers.

Since the P.T.A. is very closely associated with the school, we thought it would be more appropriate to have pictures of the students and their campus.

ENGLISH ORIENTATION

These poor people. They have to suffer with the lowly frosh. The English Orientation teachers have to teach everything from Greek mythology to how to use your time leisurely. Oh well, it's a worthwhile job helping the newcomers to Whittier High. Giving the orders in this department is Mrs. Mary Correll. All but four English Orientation classes met in John Muir so most of the freshmen (and the teachers) got their daily needed exercise. Our basic course teachers not only have to think hard, they have to worry about getting to J.M. on time.

THEY STRUGGLE TO TEACH

WORLD CULTURES

Since sophomores are somewhat oriented to high school, the World Cultures teachers find life a little bit easier. Studying the world today is rather difficult, but Miss Marjorie Jones has kept the department on their toes. The sophomore class was bigger than ever this year and many new teachers were added to the staff. Since few second-year students wrap themselves up in extra-curricular activities, our World Cultures teachers are considered lucky. However, at the rate our school is going all students will soon be majoring in activities.

BOTTOM ROW: Mrs. Brannan, Mr. Johnston, Mr. Larson, Mrs. Carter. SECOND ROW: Mr. Tenopir, Mr. Lapp, Miss E. King, Miss Perdew, Mr. Osborn, Mr. Denton.

AMERICAN LIFE

Just what is American Life? These are the people who can tell you; they teach it. For the students, American Life is the last year of a cut and dried subject in basic course. But for the teachers it's just another year of hard but worthwhile work. Juniors are just beginning to get the activity itch and the old excuse is to be heard: "But I couldn't do my homework. I had to plan the club's meeting for next week." Keeping the department going, beside problems, was Morris Padia. Good luck next year, folks.

SENIOR PROBLEMS AND ENGLISH

Seniors are problems, the Senior Problems teachers will tell you. The thought of going out into the world seems to do something to the students. They're always out of class for some reason or other, and these poor teachers just can't keep track of them. The department consisting of civics, family relations, and psychology was supervised this year by Bob Wolstoncroft. Senior Problems is probably one of the most interesting subjects in Whittier High. The professors have managed to live through another year of teaching seniors and we want them all back again.

GIRLS' SPORTS

This is the glamour department of our school. All that these people do is sport bathing suits and the newest styles in shorts and blouses. What a life! Actually it isn't quite that easy. Strangely enough the students just cannot concentrate during gym, and the teachers can't make them understand that the ball goes over the net, not under. But sports aren't all. The freshman and sophomore girls are taught physiology; the juniors, first aid; and the seniors, home nursing. Our Physical Education teachers get mental exercise as well as physical.

BOYS' SPORTS

These are the men who really have lots to do. They not only have gym classes during the day but sports after school. Many of them teach classes in subjects other than sports. The boys' physical education teachers also instruct classes in subjects such as first aid. They do not, however, teach home nursing. This just isn't a course for boys. Whittier is privileged to have a large variety of sports. The boys here are able to learn tennis, wrestling, golf, and swimming, sports which are not available in many other high schools. This gives the men a lot to do but it is worth it.

BOTTOM ROW: Mr. Waer, Mr. Hobson, Mr. Phelan, Mr. Holloway, Mr. Kelly, Mr. Mele, Mr. N. Robinson. SECOND ROW: Mr. Padia, Mr. Cole, Mr. Pike, Mr. Wineinger, Mr. Whitcomb, Mr. McLellan, Mr. Lee, Mr. Lapp, Mr. Lloyd.

FOREIGN LANGUAGE

All that the language teachers want to know is why they try to teach us Spanish, French, German, or Latin when we can't even speak English. If someone comes up to you and starts saying one big jumble of words you can't understand, it's only a language teacher. If you ever talk with a person who can't speak English very well, don't let it worry you. It's just a language teacher. Oh well, they do try hard to teach us another language.

MATHEMATICS

Oh, how can they be so cruel! 2 plus 2 equals 5. No? How can they expect the students to learn such complicated things. The math teachers find that algebra and geometry aren't too hard to teach (even if we don't like the subjects), but after working with trig, Algebra II, or Solid Geometry, the teachers find they can't even remember how to add and subtract. There's no way out unless they are able to teach Math I. If your math teacher looks as if he has numbers floating around in his head, don't worry. It's natural.

SCIENCE

The Science Building is full of people who think they are scientists. They try to teach the poor students everything from Everyday Science to physics. While teaching, some of the teachers go so far as to sit on top of their desks with their legs crossed.Our distinguished professors! They have lots of fun mixing things in the lab. Of course, there is an occasional explosion in the Science Building. If the science teachers blow down the school, they won't have to teach. There's a method in their madness.

COMMERCE

"Where is R on this typewriter?" This is the type of question that is heard by the teachers in the Commercial Department. The Commerce Building always sounds a little noisy with the typewriters, the music to type to, and the office machines going at full speed. It's surprising how anyone can work in such confusion. With almost one-half of our student body taking classes in this department, the commerce teachers really have a big and hard job.

FREEDOM WITH THE ELECTIVES

INDUSTRIAL AND HOMEMAKING ARTS

The teachers in John Muir have no reason to complain. They don't have very far to walk. The people who have classes in the bungalows and the shops are the ones who really get the exercise. Classes in cooking and sewing are taught in the John Muir basement and in the bungalows. These teachers get their clothes made and their meals cooked by the students. Across the street in the shops, Architectural Drawing, Auto Mechanics, agriculture, and many more subjects are taught. This is indeed a busy department.

BOTTOM ROW: Mrs. Korf, Mrs. Grassel, Miss Groh, Miss Russell. SECOND ROW: Mr. Adams, Mr. Winters, Mr. Hemmerling, Mr. Ellis, Mr. Petty.

FINE ARTS

Now we add the artists to our faculty. One of the main jobs of this department is to do extra work; plays must be presented and social functions publicized. This calls for lots of work after school. Beside drama and art, the orchestra and band must play at various events on and off campus, and the C&W and annual must be printed. With the classroom and outside work combined, the teachers in the Fine Arts Department are kept extremely busy.

Miss Muellers, Mrs. Morales, Mrs. Swafford, Miss Newton, Miss Mathony, Miss Ostrander, Mrs. McCandless, Mrs. Sayer, Mrs. Stinson.

ALL OF THESE ARE NEEDED

The smiling women you see at the left are quite in demand around this school. They are always ready to do those extra jobs for us. What would we do without our secretaries? They type our rush jobs, give us transcripts right now, and are always friendly and nice about it. When a student needs advice on just how to do this or that, the secretaries are glad to help. When questions come up concerning the school, the secretaries come through with the wanted information.

All in all the secretaries are an indispensable part of student life and we couldn't do without them if we wanted to—and we certainly don't!

Miss Kenworthy, Miss Hepp, Mrs. Good, Mrs. Bateman, Miss Forsberg, Mrs. Hiatt, Miss Knize, Mrs. Dean, Mrs. Kessler.

Though these men look happy, their job is one that would make some of us frown. For they are the ones who keep our campus clean and neat. They do the picking up that so many of us refuse to do for ourselves. They may be seen at almost any time out on the athletic field giving it a haircut. When election time comes, the custodians are the ones who keep the campus from looking like a trash can.

To these men who are so friendly and who are always ready with a big smile and hello we give our heartfelt "Thank you."

FOR SCHOOL AND CAMPUS LIFE

The Mesdames Patton, Jelinek, Morrison, Warrick, Le Claire, Ensley, Lucas, Stiles, Vance, Thompson, Stinnett, Stobaugh, Morris, and Epperly.

Have you ever walked into the cafeteria at noon, hungry as can be, and discovered that there was nothing to eat and nobody there to serve you? Of course not. Because our cafeterians are a swell bunch of people who wouldn't let you down. They not only cook and serve us, but they do our dishes too. And such meals they get out! They really can cook. We think they are wonderful and want them to know we do appreciate them.

EXECUTIVE BODY RAN STUDENT AFFAIRS

CABINET AT WORK

The Cabinet is made up of the top people in the large organizations on campus. The ten people in this group meet every Wednesday morning to suggest new ideas to administrators, okay school activities, read suggestions from the suggestion box, preview assemblies, and okay all requisitions, beside various other duties.

Although they do lots of hard work, the girls in Cabinet are able to squeeze in some knitting, but the poor boys just have to spend their extra time studying.

This year our Cabinet has spent hundreds of hours working for the student body. At the beginning of the year it was decided that in order to contribute more time to student government and make a success of their duties, Cabinet members would not take on extra work in other school clubs. This proved to be a worthwhile idea.

A HOT DISCUSSION

REP BOARD HOMEWORK

GETTING TARDY SLIPS

A place to do homework, a place to catch up on your sleep, a place to talk about the weekend's activities, or a place to knit; that's our Rep Board. But more important—it's a place to discuss and try to solve our school problems. With the increase in this year's student body, there have been lots of problems around W.U.H.S. that called for some hot discussions down in L. 101.

Beside the Cabinet, there have been many other organizations represented in Rep. Board. Included in this list are Latin Club, Spanish Club, Girls' Council, French Club, German Club, Finance Committee, Bible Club, Music Club, Freshman Council, Science Club, Dance Club, Thespians, World Friendship Club, Pep Club, Orchestra, and Scholarship Society.

Student Government such as Rep Board has done a lot to improve our Whittier High.

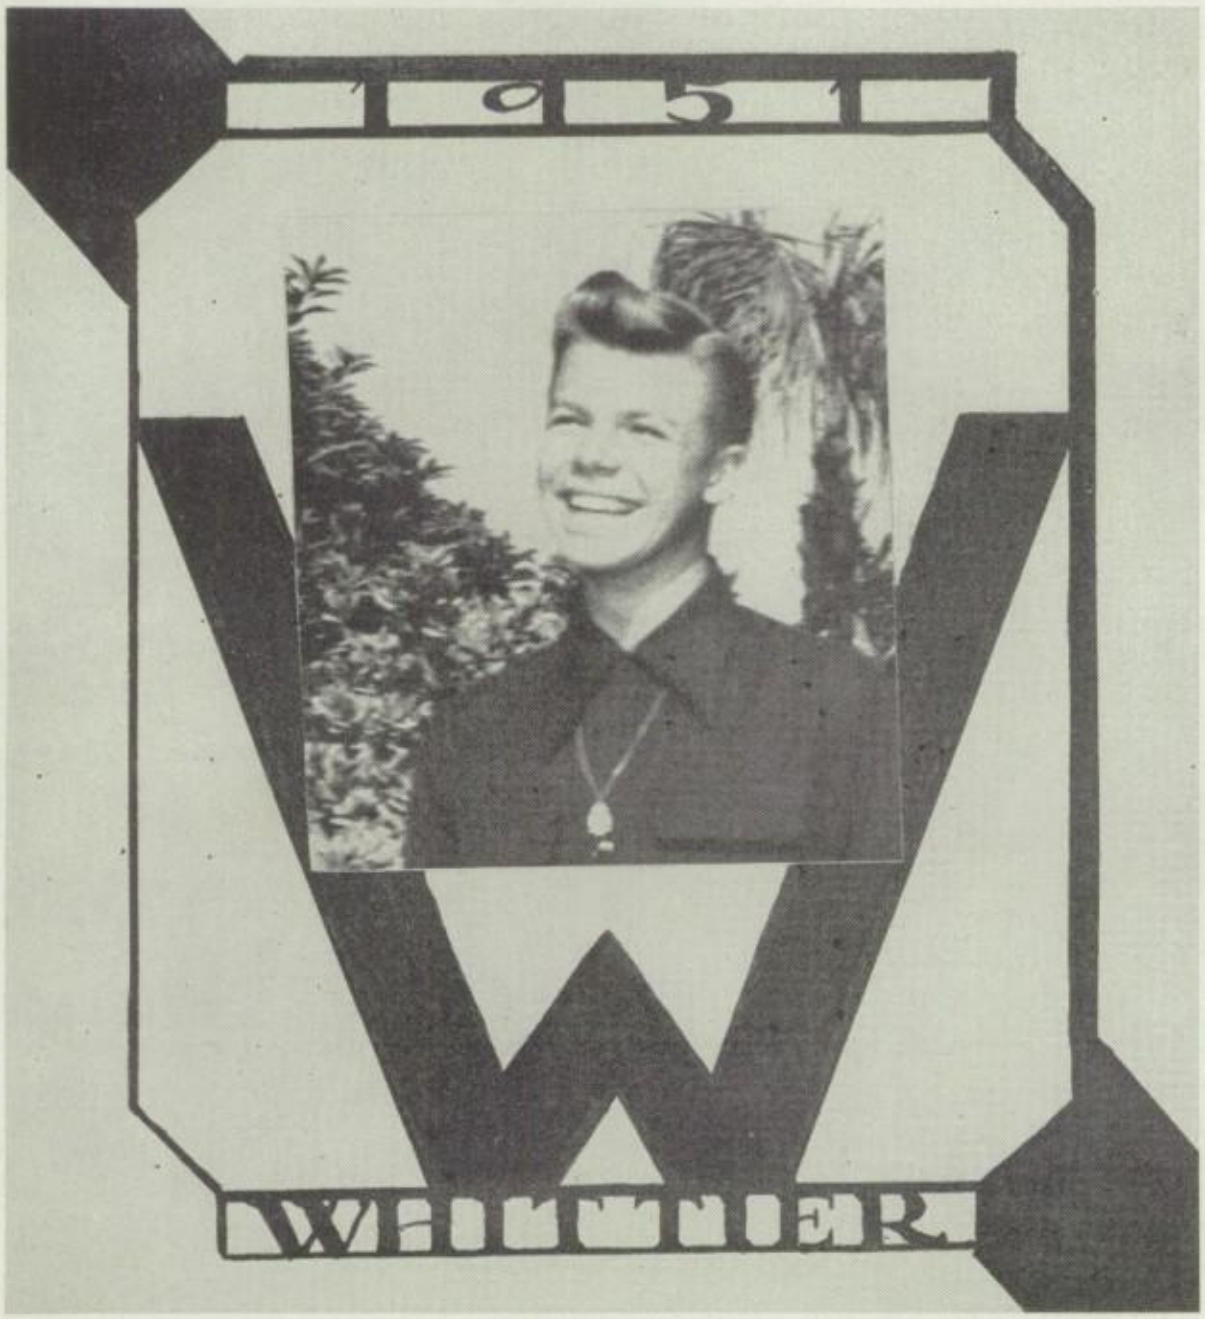
BUT THESE WERE THE BIG WHEELS



PRESIDENT DANNY SPENCER

Always getting out of class and wandering around th campus; those are our A.S.B. officers. It's been hard work, bu don't let them kid you; it's been fun.

Danny has been a swell president, one of the best, and swell friend on campus. You can't miss that big smile or al those corny jokes.

Our vice-president Alan has taken an active part i C.A.S.C. and in school dramatics. He did a fine job as chair man of Representative Board even if he did sit with his fee on the desk.

This year's winner of the D.A.R. award was our secretary Brenda Sorey. She was a great officer and one Whittier wil hate to lose.

Dave Groot is the first boy to hold the position of publicity manager but he proved that a man CAN be as good as woman. Dave won the Bank of America award as one of th top five in art.

This has been a hard year for all of us, but with the help of Danny, Alan, Brenda, and Dave we managed to com through on top.

WHO PULLED THE HEAVY LOAD

Joanne Cooper, Patty Schaller, Eleanor Montgomery, Dixie Hawkinson, Pat Hoyle, and Betty Martin.

The best we've had in years! These six good-looking Cards have done some song leading that won't soon be forgotten. Dixie, Pat, Joanne, Eleanor, Patty, and Betty make up one of the peppiest songleading groups in the league, and one that Whittier High has been mighty proud of. Through Rep Board, these six seniors have contributed a lot to our student government, beside doing a splendid job of leading us in song.

The energetic three! These are the three fellows you see jumping up and down at the games trying so hard to get us to yell. Jim, Dale, and Wally have had a hard time with the school pep this year because of the increased student body. Nevertheless, they have done their job well. Dale, being a second year man, has helped the A.S.B. yell leaders work on improving school spirit.

Seniors here — Seniors there — Seniors everywhere! Busy, efficient, always in the midst of things. But, no matter what we did, whether it was voting for our class officers, cheering at a football game, eating lunch in our favorite spot, choosing our class gift, attending club meetings, designing a placque for our Senior Fountain, cramming for finals, receiving an award at the Senior Assembly, dancing at the Prom or Senior Farewell Dance—we did it with a little extra enthusiasm because we knew we were doing each activity for the very last time. We knew that in a few months, a few weeks, a few days, in a few hours it would all be over, but it would always be remembered as the best year of our lives.

Upper classmen at last. A class full of vim and vigor. Our class leaders were elected with complete confidence, with Jerome Montgomery and Sarah Coffin leading us through a year to remember. With the Junior-Senior Prom "Oriental Evening" leading the year as one of its outstanding events, with the junior play running alongside of it.

FAR EASTERN SETTING ENJOYED BY ALL

WHITTIER, May 20—Last night the Cardinal Ballroom was the scene of the Annual Junior Senior Prom, and as always, many Juniors and Seniors spent the traditional evening dancing in an atmosphere of excitement, soft lights, and laughter. Many couples traveled to nearby places such as Welsh's, Pierre's, and the Steak and Stein for dinner before going to the dance.

The original decorations beautifully carried out the theme of "An Oriental Evening", and gay colors made a striking contrast against the soft pastels of the girls' formals.

The music of Hal Lowman attracted many of the couples, and those not dancing were seen crowding around the bandstand.

After the dance the upperclassmen went to various post prom parties, some held in private homes and others out of town.

THEY JOY IN THE FIESTA

SPANISH CLUB OFFICERS—BOTTOM ROW: C. Acosta, J. Erreca, J. Wiley, A. Pryor, S. Coffin, M. Moriarty. TOP ROW: P. Russel, L. Randall, E. Davis, M. Chaney, B. Chocca, K. Boucher.

Which is the second largest club in Whittier High School, and features a fiesta at their Christmas celebration? This is naturally the Spanish Club which, under the direction of Carl Acosta and Julie Weiler, sponsored another sell-out taco booth at the Sadie Hawkins carnival.

The Spaniards and Latins enjoyed exchange programs with the Latin Club giving a "Caesar and Cicero" play in exchange for the Spanish "El Radio."

Mr. Widney tries his skill at demolishing a pinata at the Spanish Club Christmas party.

THE IMMENSE SPANISH CLUB

Eh! Pancho! You think maybe next year they be hanging from the limbs of tree, no? . . . who knows?

THEY DWELL IN ANCIENT CUSTOMS

The Latin Club bristled with new ideas for a society designed to run along ancient lines. Senior Consul, Bob Griffith, and Junior Consul, Clark Brott were aided by Latin teachers and club advisors Mrs. Alta Brannon and Mrs. Edith Tomlinson. John A. Lee, Lictor, provided all decorations for entertainment and also helped direct programs.

Some of the new ideas referred to were the first annual field trip and the exchange entertainment program with the Spanish Club. For the field trip the members of the Latina Socialitas toured the Los Angeles County Museum after enjoying a picnic lunch in Exposition Park.

This year's banquet was again highlighted by Don Van Derby, a graduate of the class of 1948, returning to play the role of Bacchus, the Roman God of Wine.

LATIN OFFICERS—BOTTOM ROW: B. Bathgate, E. Fielding, D. McIsaac, N. Philippi. TOP ROW: Mrs. Brannan, C. Brott, N. Crozier, B. Griggin, J. Schlemer, A. Hiatt, Mrs. Tomlinson, J. Lee, W. Bisbee.

BOTTOM: "Bacchus at the Roman Banquet."
TOP: ". . . how beautiful you are decorated."

Seen those snappy signs and posters? What do you think of those clever motto cards that come out each Friday before game time?

The extraordinary crowds at the Sadie Hawkins Dance and the Spotlight Revue, the appreciative audiences at the Fall Play and Spring Play; the colorful Football and Basketball posters; the school dance advertisements; the odd-shaped cards with clever game mottos; all of these tasks were handled by David Groot, Publicity Chairman, and his ever-busy club, who worked and watched to let us know of school doings.

THEY SPONSORED THE 'TINY TOTS DREAM HOUSE

MEMBERS OF THE CLUB POSED IN FRONT OF THE NEW LIBRARY

PHIL and LARRY SKETCH.

Remember "Tiny Tots's Dream House"? The success of this charitable organization was through the efforts of the Art club. Old toys were donated by students during the club's drive to the less fortunate children of Whittier for Christmas.

Included in the Rembrandt's annual events were an afternoon movie and the artist's June party. Hours of work spent on their "still" for the Sadie Hawkin's carnival were rewarded by the Sweepstakes prize.

The group was advised this year by Mr. Robinson Adams. Carolyn Graham was president first semester, while Larry Marty held the second semester palette.

PEP CLUB

PEP CLUB OFFICERS, left to right: L. Sayer, B. Babson, J. Byrd, J. Erreca, M. Kellogg, J. Conally.

The peppiest club at Whittier High, The Pep Club, is filled with the guys and gals who make "Barber-Pole" stripes on the goal-posts along with other decorations and signs which help make our games colorful.

We can never forget the noisy (and they should be) rallies, and the fancy parades with the song-leaders, Pep Band, big signs, and waving pom-poms.

These are scenes of our Pep Band and songleaders in action The Pep Band is parading in a clean-up campaign.

PEPCLUB—BOTTOM ROW, left to right: L. McMillan, M. Ashton, L. Sayer, S. Taylor, T. Behrens, B. Russel, E. Nuffer, M. Kellogg. ROW TWO: P. HAYDEN, J. Erreca, B. Christian, J. Cooper, M. Flaxman, L. DANCE CLUB—BOTTOM ROW: D. England, J. Weiler, J. Patterson. ROW TWO: D. Monahan, B. Rutledge, K. Swart, P. Chaney, S. Allen, M. Cole, R. Arvillaro. ROW THREE: P. Fraisier, F. Pellissier, L. Behrens, D. Kessler, K. Busche, N. Phillipi, V. Velasco. INSET: L. Behrens, P. Chaney, M. Cole, Miss Root, F. Pellissier.

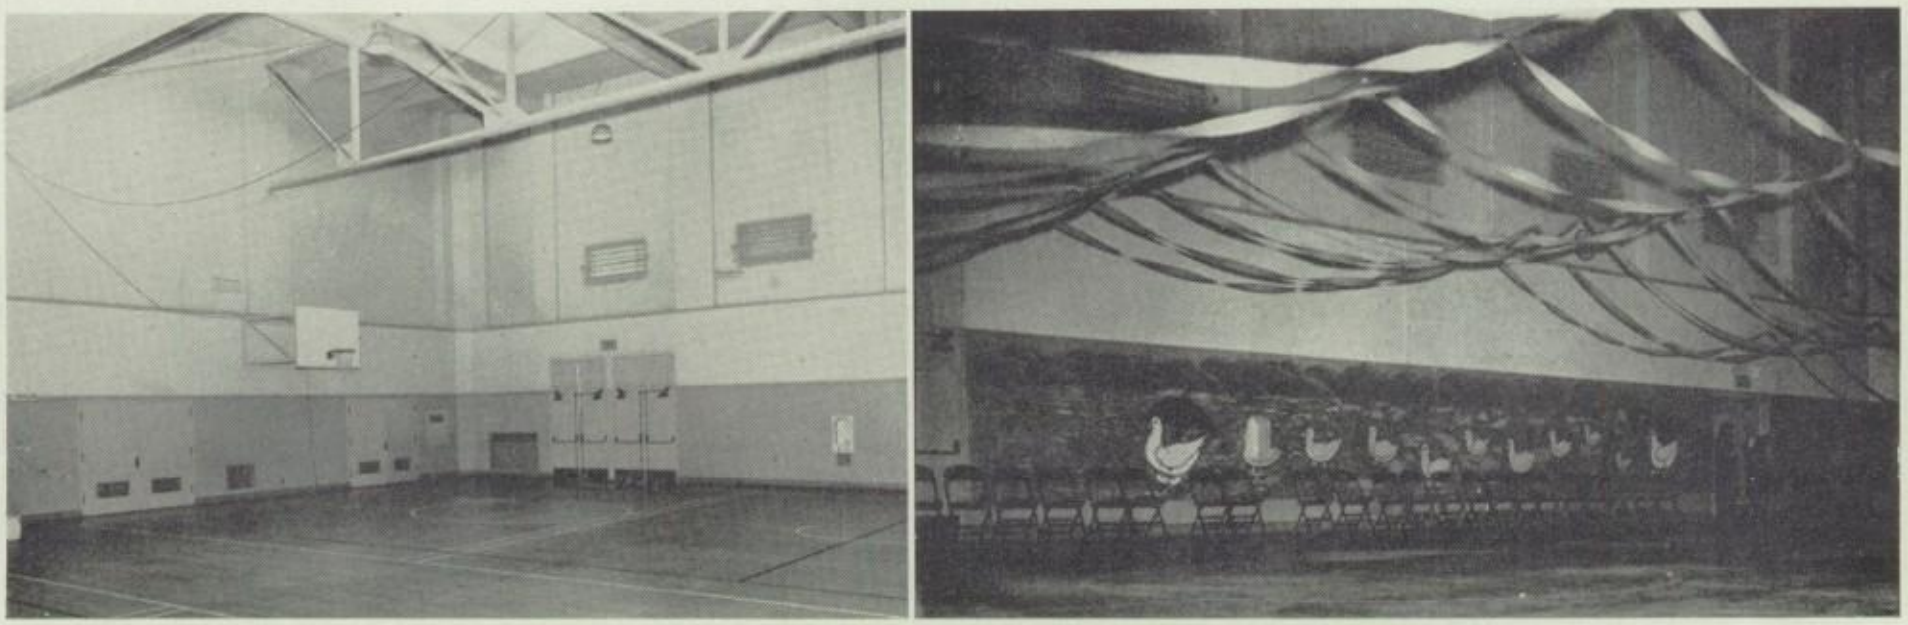
The inspirations, ideas, and hard work of these master decorators went into the making of the always beautiful Cardinal Ballroom which in reality is just a drab gymnasium. If you'll remember, some of the more outstanding dance atmospheres that delighted couples have walked into were "Raindrop Serenade," shown blow; the romantic "Waltzing in the Stars"; and the biggest and best of all, the Junior-Senior prom, "Oriental Evening," with the air of exotic flowers and gaily colored lamps.



Scenes taken before and after the Dance Club started to transform our Cardinal Ballroom.

The World Friendship Club has just completed a stellar year. The service club raised money for the support of a French teen-ager in a French orphanage as its major activity. A room-to-room campaign failed to net the needed amounts, so the club sponsored "It Happened One Night" as an afternoon movie. On May fifth, the World Friendship State Federation Convention was held here at our school. Over two hundred delegates came from southern California schools.

The Freiburg Committee has developed strong interest within our high school by having each Basic Course class represented in its meetings. Many classes made scrapbooks about different phases of our life: school, leisure, work, and history. The Committee has received exchange gifts from the Freiburg schools, and a "Whittier Committee" has been formed there. One of the most important projects is the exchange of correspondence. Our Freiburg Committee entertained a conference of schools which have affiliations with foreign schools. The conference was held here and was sponsored by the American Friends Service Committee.

GERMAN CUSTOMS REIGN HERE

ROW ONE:J. Brubaker, B. Burke, L. Lemgals, V. Johnson, H. Noltimier, M. Kassenbrock. ROW TWO: E. Ehda, T. Phegley, C. Johnson, C. Wagner, D. Dean, J. Haslett. ROW THREE: Warren Marsh, R. Kassenbrock, G. Pace, A. Veca, J. Linthicum, L. Sayer.

The purpose of a language club such as this one is to stimulate interest in the lives and customs of the peoples of the world who speak the language. The German Club does this mainly through their social functions. A big event of the year is the annual Christmas party with folk dancing and fun. Many German residents of the Whittier area visit the party to bring back old memories.

Louise Sayer, First Sem. Secretary; Vanca Johnson, Second Sem. Secretary; Carlton Wagner, First Sem. Program Chairman; Jack Linthicum, Second Semester President; Warren Marsh, Second Sem. Vice-President.

FRENCHMEN IN LEISURE

Program meetings compose most of this club's activities. At these meetings the members generally provide entertainment—singing, ballet, and instrumental pieces. Also, the students give skits both of humorous and serious nature. There is an annual Christmas party, with more food than anyone can eat and plenty of good games. The French Club provides its members with good companionship and fun. Their adviser, Mr. Avila, assists the officers in the preparation of their programs and meetings. A Mardi Gras celebration is also a part of the year, and gives the members a lot of fun.

A CLUB

With the enrollment exceeding the 100 mark, the Bible Club has become increasingly active on the Cardville campus this year. Every Thursday morning in CH-4 the voices of some 60 students, the average weekly attendance, may be heard singing hymns, both new and old. Club members also enjoyed inspirational talks given by local ministers and other outside speakers. The Bible Club is comprised of all creeds, beliefs, religions, all learning together through worship and prayer the wonders of God and the world about them.

Working together through cooperation and teamwork, the Future Farmers of America have this year gained valuable experience for their future careers. Lead by their hard-working advisor, Mr. Moores, and their capable president, Don Voorhees, they learned about many of the modern agricultural methods and applied them to practical, everyday uses. Throughout the year, in both regional and state exhibits, the boys, in entering their livestock and produce, have carried off numerous blue ribbons and kept the F.F.A. activities in the school spotlight.

FIELD TRIPS

With the year's membership, totaling over 200 members, the Science Club was outstanding in school activities this year. Holding their meetings the first and third Fridays of every month our scientific Cards learned from student and guest speakers, about science as applied in many fields and professions from horticulture gardens to crime detection. The scientists enjoyed two field trips; in January to Corona del Mar, where they collected specimens for the Science Club's natural habitat museum project, and in April when they traveled to the San Dimas Forestry Ranger Experimental Station. The 2nd Annual Science Club Banquet was held on April nineteenth, featuring a special guest speaker, club prophesies, and the announcement of the coming year's officers.

GRADES

The Scholarship Society desires to encourage dili-
ent study and thus high grades. In recent years
xtra-curricular activities have also been considered
r membership qualification, for it is realized that
well-rounded student assumes responsibility aside
om that required. Judging from the size of the
embership there are a great number of scholars
our school. Don't get the idea, however, that there
nothing more to this organization than another
ub pin and annual picture. Each semester the
oup has a field trip. The first semester group em-
arked to the City of Los Angeles to view the won-
rful stage production, "Kiss Me Kate." This year
r. Denton headed the group of faculty sponsors in
iding the organization through its successful year.
embership in the Scholarship Society is always a
od recommendation to anyone. It is a goal to be
orked for.

SENATORS

Striving to uphold the standards and traditions of W.U.H.S. the Senators actively participated in our school affairs this year. This honorary group is responsible and has direct control over the boys' conduct on the campus. Meeting twice a month with their adviser, Mr. Don Douglas, the boys discussed observing school traditions, discipline problems, and held court, where the rules violators were tried by the Judge, Cliff Neilson, and the Senator Jury. The 15 seniors and 10 juniors are boys of varied activities and interests and are selected on the basis of leadership qualities, citizenship, and scholarship.

THE ASSOCIATED STUDENT COUNCIL—The group of Basic Course representatives that report each month to the classes on the problems, activities, and events pertaining to our high school.

STUDENT COUNCII

The Student Body Council, presided over by the A.S.B. officers, consists of Basic Course representatives selected from each class. The group discusses and evaluates problems presented by the Cabinet, Representative Board, and club members, which pertain to student privileges and activities. The members then report to their Basic Course classes as to the discussions and decisions of the council. The Student Council is an important function of our school government, as it enables more students to actually take part in running our school affairs.

GIRLS' LEAGUE

Led by the energetic Girls' League President Jeannie Russell, the Girls' League may look back on an extremely successful year. Meeting twice weekly, the Girls' League Board is made up of the 13 officers elected by all the girls in the preceding Spring. Starting in the Autumn months the girls wrote, produced, and directed the 18th Annual Hi Jinx, "Road To Oz." In January their many hours of hard work planning and decorating were rewarded by the record attendance at the G.L. Dance "Waltzing In The Stars." The Fashion Show in April was enthusiastically received as were the Girls' League noon assemblies. Jeannie Russell and her fine group of officers are to be congratulated on a memorable year for all the Cardinal gals.

GIRLS' COUNCIL

Working with Mrs. Cumberland as their able adviser, the Girls' Council has again this year made many valuable contributions to our school. The twenty Junior and Senior members are selected on the basis of scholarship, citizenship, tact, and personality and each girl considers it an honor to be chosen to serve. The girls discuss student behavior and school problems. A great part of their time was spent in carrying out the Big Sister freshmen orientation program. Starting in the late spring with get acquainted parties and campus tours, the Big Sisters continue throughout the summer and following school year to familiarize the freshmen with their new surroundings and answer their many questions.

The Finance Committee had thirteen members this year. Under the direction of their adviser, Mr. Lewis, the Chairman, Bill Boezinger, his Assistant-Chairman, Kathy Jeffers Dean, and the committee had charge of preparing tickets and other materials for all activities where admission was charged. With this hard working group of financiers in charge, our money was in capable hands.

The Usherettes are the girls whom you will find in the auditorium handing out programs and ushering people to their seats. It is their duty to be present every time a program is put on by our school in our auditorium.

With Mrs. Correll as their adviser, they gave a great deal of their time and effort to the service of their school.

In order to put on a program in the auditorium there must be cooperation from many groups. This important group which really acts as a welcoming committee should not be forgotten.

OFFICERS—A. Lindskog, Mrs. Throp, adviser; K. Bonillas.

HANK LITTEN

ADVISER HANK LITTEN GUIDES JOURNALISTS

Mr. Hank Litten has been kept busy this past school year being the adviser of the Cardinal and White School Paper.

This teacher's busy day nearly always began with a joke. He corrected copy and checked all stories turned in by the reporters. The copy was delivered to the printer's shop by Mr. Litten.

Beside being the C and W adviser, he taught a Cub Reporting class.

PAGE ONE EDITORS, REPORTERS KEEP PACE WITH CAMPUS NEWS

Each Wednesday six Cardinal and White staff members proudly present to the students their news-filled front page. For the page editor and reporters the finished page represented a week's work well spent.

The new week begins on Thursday for these young journalists. Preparations are then made for the next week's issue. One source of information is through the "beat" system. Each member is responsible for news emanating from two of the school's 66 news sources. The "beat" reporters are distributed by Editor Karin Nordstrom to the respective page editors. The reporters then get busy writing their assigned stories.

A second source is through Karin Nordstrom, who has a weekly appointment with Principal Harold S. Widney and Superintendent C. H. Wennerberg.

Page editor, Eleanor Montgomery, has the duty of double checking all stories and headlines. Helping Eleanor is assistant editor, Jim Byrd.

"In spite of all the work and worry, being on front page has been real fun," admits these number one page workers.

EDITORIAL WRITER: BUSY WITH HUMOR, POLLS, INTERVIEWS

Whether in the mood for humor, news or things on the more serious side of life, perhaps you turned to page two or the editorial page of the Cardinal and White Weekly.

Editing the page was Bill Tikunoff, while Irma Varela assisted. Editors of the page were changed every few weeks in order to give everyone experience.

Adding a great deal to the page and also to her many duties was the column, "Through the C and W Keyhole," of Editor - in - Chief Karin Nordstrom.

Frequently editorials by Bill would make you stop and think and often would bring a chuckle from even the most serious person.

Linda Fischbach is the gal who had the job of getting the ads which appeared in the C and W. Her title was Cardinal and White business manager.

She made sure that the ads of two of the same type of stores did not appear on the same page.

EDITOR NORDSTROM HAS 24 HOUR POSITION

Editor, Karin Nordstrom had the responsibility of taking full charge of the staff, which put out the weekly C and W edition.

Her duties consisted of checking all stories and correcting copy. Karin also represented the Journalism Class on Representative Board and A.S.B. Cabinet.

Beside all this activity, she found time to write her column, which appeared in each issue.

SPORTS PAGE STAFF COVERS ALL CARD ATHLETIC EVENTS

One of the most widely read features of the Cardinal and White is the Sports page.

Four boys are responsible for the tough task of giving recognition to the boys who take part in the sports on the Card campus.

During the year each member of the sport staff is given a chance to be Editor of the page.

Jim Miller had charge of giving assignments and checking stories and headlines during football season.

In the basketball season Hervle Lowrey took over the Editorial job.

Reliable reporters on the page were Cliff Stetler and Jim Johnston.

Cliff handled Varsity teams, Jim had charge of the Junior Varsity and Bee, while Hervle was assigned Cee and Dee teams.

The sports staff aided in the production of football programs.

RICHARD HUNT

HUNT TRAILS CARD "BIRDIES"

Richard Hunt served on the C and W Weekly as the staff photographer. He had the job of snapping all the pictures the page editors had planned for their page. Not only did he take the photographs with his own camera, but he developed them on his own time.

DANCES, PARTIES, THE TOP SOCIAL WHIRL

Page three of the weekly paper was devoted mainly to social news gathered from the students themselves. Always on the job with the latest weekend happenings were the two society editors, Peggy Pendergraft and Shirley A. Stanfield.

Marilyn Martin and Joyce Douglas kept busy writing follow-ups on the latest dances such as the after-the-game dances, the Frosh-Soph Ball, and the Girls' League Dance.

The club column written by Sandy Rubenstein and Lynn Randall was a weekly feature of the third page. The society page was not complete without "Clockwise Capers," written by society reporter, Sally Bracamonte.

THEY BEAR OUR MAIL

TOP: Gerry Tripp, Diane Monahan, and Bill Newsom load up in the Attendance Office. BOTTOM—Gerry delivers some student's summons to Mr. Tebbs in the Science Building.

That fellow coming into the room now may be the bearer of the key to freedom. Any minute now the teacher may say there is a slip for you. Wouldn't it be something if you could get out of Latin or trig? But no, it's for someone else. Some people have all the luck. Say, it would sure be slick if you could get one of those monitors to bring you a slip. Nope, you'll have to get in trouble or change your program or some such thing before you will even get a chance. Yes sir, that monitor is really a center of attention whenever he steps into a classroom. He's just as important to the students as he is to the offices. The monitors deliver pink, blue, yellow, green, violet, orange and probably chartreuse slips every day. Also, they collect absence notices and run all kinds of errands for the offices and teachers. Yes sir, those monitors are important people on this Cardinal campus.

THEY SHARE HARMONY

The Choir and Glee Club bounced through another year leaving behind them melodious memories of their appearances in the Musical Assembly and in the halls at Christmas time. Another memory is of their part in the Christmas Pageant. It is really wonderful to hear beautiful music such as this. It is an opportunity for the groups to show their great ability in voice blending. Mr. Hemmerling is certainly to be congratulated for his fine work. The choir and Glee Club traveled to Beverly Hills in May and South Pasadena in April to participate in the Choral festivals. These singing groups provide another opportunity for the musically inclined to follow their interests. This sort of school activity helps to produce students with well rounded educations. Ask any Choir or Glee Club member and he'll say that the singing class is one of the best. It's really fun—for those who sing, and for those who listen.

MUSIC IN MARCHES

Mr. Clark runs the Band through another practice session.

This year's band has really done an excellent job of providing entertainment. Probably best known by the student body for its part at games and assemblies, the band has also taken part at seven other less known events. The band traveled afield for the County Fair, Fullerton Founder's Day, and Music Festivals at Alhambra and Fullerton. One part of assemblies which is thoroughly appreciated by the Student Body is the occasional band music before and after. The band has always been a point of pride with Cardinal students and this year is no exception. The forty-six members have certainly earned whatever credit can be given them. And another thing, the majorettes, flag twirlers, and color guard have done their share of work. It's little points like these which make a band good and school spirit better.

MAJORETTES—C. Russell, M. Lowrey, S. Smallwood, C. Jones, J. Gieske. FLAG TWIRLERS—I. Varela, B. Babson, H. Fitzgerald, K. Kirby, P. Newcum, J. Smith. FLAG GUARD—K. Thornton, S. Sweet, C. MELODIES IN HIGH STYLE

These two action shots were taken during practice.

Participating in many of the more formal affairs on campus, the orchestra has filled its year adding the final touch to the school plays and taking a leading role in the Christmas Pageant and Musical Assembly. Closest to the minds of the fortunate seniors is the orchestra's role in the Baccalaureate exercises. Mr. Clark obviously enjoys himself when working with these thirty-five student musicians. For the first time this year, the orchestra joined the band in entering the Musical Festivals at Alhambra and Fullerton. It is unfortunate that there is so little opportunity for the Student Body to hear the orchestral music. There are only two or three occasions when the entire school hears the orchestra. Certainly these are not enough. By being in the orchestra an individual interested in music has a chance to follow and enlarge his interest. The orchestra provides valuable experience for those who want it. There are several members of our school musical groups who show genuine promise, and their abilities should not be ignored. Not only that, but each student with an interest and a desire to work and learn should be encouraged in his efforts. The Orchestra has been doing just this.

OUR DRILL TEAM AT WORK

All the girls on the Drill Team spent an active year this year. Under the direction of their adviser, Mrs. Serafino, these energetic girls performed at the half-time in all our football games.

This was only the second year that this Drill Team had been in existence. Eleanor Boehringer, the Captain, led this group through their routines both here in Whittier and in other towns where games were played. They were truly artists on the football field.

The Industrial Arts Club, a new club on the Card campus, was formed this year to promote a better understanding of the crafts among the boys.

With the help of Mr. Allen Austin and Mr. Steve Ellish these boys are preparing themselves for their future. Boys interested in industrial arts formed this club and now they are beginning to realize what great opportunities are offered to the boys of Whittier High who want to get ready now for the years to come.

THEY KEEP OUR CAMPUS ALIVE

WITH PARADES

The Pep Band is the band that often marched through the quad and was followed to the football and basketball rallies by many Cards. Under the direction of James Beardon, the student director, this band played for all the noon rallies and basketball games.

It could boast of fifteen members and one adviser, Mr. Clark. These members along with the Pep Club gave a great deal of their time to help boost the school spirit and to make other students want to attend the many rallies and games to yell for their team.

WITH SPORTS

The Varsity Club, which was a new club formed this year, took the place of the old Letterman's Club. The requirements for membership in this club were to have earned a Varsity letter and a letter of some other kind.

The members of this outstanding organization have taken a lot of responsibility upon themselves. Some of their projects were helping with all athletic events, selling programs at the C.I.F. finals, collecting scrap paper, and sponsoring a noon movie of one of our football games.

Cardinal

The first step in forming a page was a diagram of the page showing just where the pictures, copy, and identification would be (see fig. 1). This diagram, or layout, showed everything in its actual size. Next, the pictures required by the layout were pasted onto a piece of paper the size of the page. Each picture was engraved separately. This pasteup page was sent to the engravers as one picture. While this was being done the copy (all writing) was written. The printers printed the copy and engravings, and the binders put the printed pages between covers. The book is finished and is yours to keep.

PAGEANTRY SEEN AT CHRISTMAS

LEFT: The beautiful Christmas tree being decorated in green and silver. TOP: A scene on stage. RIGHT: The kings and angels gather to see the Holy Child in the manger.

The colorful pageant "Rehearsal For Christmas" was a combination of beautiful sti scenes with entertaining action drama. Gerald Lowe played the part of a stage cre member who, while preparing for a Christmas play, fell asleep and dreamt of the birth the Christ child and the journey of the Three Kings from the Orient. As the dream progresse the sleepy stage hand dreamt of how a priest was inspired to write "Silent Night," and th choir members joined to sing the hymn.

A FULL SEASON OF DRAMA, COMEDY

These are assorted scenes taken of the Little Theatre Plays showing the dramatic and humorous acting which the Thespians put forth each year.

"That red flag is hanging out the Commerce Building again, I sure would like to know what goes on up there."

The Famous Little Theatre Plays—that's what goes on in Commerce 224. These plays are presented by all of the drama classes four times each year for the benefit of Whittier High students. Dramatic presentations directed by Mrs. K. Grassel include mystery, comedy, melodrama, just to name a few.

JUNIOR CLASS PLAY

The Junior Class of 1950-51 presented e exciting comedy "Dear Ruth" last ll. This hilarious play is specially re-embered for its involved plot in which uth's sister (Jackie Wilson) writes to a nely soldier (Henry Primanti). In the any letter the sister wrote, she de-ribed Ruth's likes, dislikes, she sent m Ruth's picture, and after all this she sked the soldier to come and visit with uth (Janie Patterson). As might be ex-ected, the soldier came and wanted ery much to have Ruth marry him. To ake the plot more involved Ruth was ready engaged to Herbert (Dale Bar-nger), and Herbert objected forcefully the soldier's passes. As the story end-d Ruth married the soldier only to find impulsive sailor—the sister had writ-n him too—waiting at Ruth's home.

The Senior class presentation of the ever popular "Junior Miss" scored a real hit on the Cardinal Campus. Judy Graves, portrayed by Freshman, Margie Moorhead, and her pal Fuffy, played by Nancy Walls, kept the Graves family in a state of confusion and excitement. By the end of the show, the always helpful Judy manages to get her father fired, her Uncle Willie married, and brings the rest of the family to the verge of nervous collapse. But, as usual, everything was straightened out and the family peace is restored once more.

FOOTBALL TEAM

Football is definitely on the upgrade at Whittier High School. That vas the general concensus of the Whittier student body at the close f an exciting football season of four wins, four losses, and one tie. Don Cole, returning to the varsity coaching reins, after serving as thletic director, found one of the heaviest weighing Whittier teams n years awaiting him.

A 6-7 loss to potent Long Beach Jordan in the Card grid opener ave a hint of things to come. A 0-0 tie with Fullerton, the number wo team in the Southern Division of the C.I.F. followed. Then, the ed Bird steamroller really began to move. Coach Cole's lads upooted Excelsior 12-6, and gaining momentum, trampled Bell Gardens 54-0. Alhambra stopped the locals, 19-0, the following week, ut our Birds flew back to a 22-7 triumph over Monrovia.

A 14-7 loss to the Aztecs of Kepple and 14-6 setback at the hands f Pasadena were not enough to dampen spirits around the quad. nd the Red Tide redeemed themselves by slipping by El Monte, 9-13, in their Pacific League finale.

Milton Schroth, one of the top prep centers in the Southland, and larty Altschuler, a fighting guard, were elected co-captains.

Gene Wineinger's Bee Footballers grabbed off a second place in Pacific League play being defeated only once. On this occasion the Bee Boppers hit a sour note and were pushed off a cliff by the Alhambra Moors to the tune of 7 to 0.

The Cardinals were deep on both ends with Captain Acosta, Tracy, Sinclair, and Diaz. Other standouts were backfield men Boehm, Lawrence, Valencia, Rowan, Reynolds, Grensted, and line men Long, Couch, Sinclair, Chuba and Canfield.

It's a good bet that many of the lads that made up Wineinger's Bee Boppers of '51 will go on and raise their key to A major next year.

J. V. FOOTBALL

A second-place for Joe Pike's junior varsity football team was the verdict after a wild season in which Pike proved the old rule "practice makes perfect." This was the second straight year that the Cards were able to check in at the runner-up spot in Pacific League play. Outstanding men in the Cardinal lineup included Co-Captains Bachman and Garcia, Watts, Murphy, Smith, Olsen, Peters, Gaskin, Hall, Fenwick, Torrence, Clark, Sawyer, Henry, Shute, Ramirez, and Pederson. The only loss the Red Birds received in league play was a 27-0 shellacking at the hands of Alhambra's Moors, league champions.

The Cardinals followed this with a hard-fought, 24-13 win over Elsinore, and then breezed through the rest of their schedule which included El Monte, Monrovia, and Mark Keppel. The JV Birds compiled the best league record of the Whittier football squads this season.

JAY BEE JETS

Following the rebuilding trend of Whittier High School otball this season was Steve Ellish and his hustling . football team. In compiling three victories against o setbacks, Coach Ellish and his squad closed the cord book with the best season for any Whittier J.B. uad in the last five years.

Standing out in the front wall for the Cards were: ard Gary Watkins, and ends Mickey Wunget and arvin Strain. Watkins was dubbed co-captain at the d of the season along with right half Domingo Macias. her standouts in the backfield included Manuel Ver-go, and a Freshman who worked at left halfback, k Taylor.

Many of the boys who made up the J.B.'s will go to eater heights as Bee and Varsity boys next year. e J.B.'s were playing for the love of football, and were able to earn a letter.

CEE FOOTBALL

Six wins against three losses—a good record for Art Hobson and Company otherwise known as the Whittier Cee Football team.

The Cards captained by Alex Villa and Jim Brakebill started the season with a 36 to 12 win over Anaheim and a 13 to 7 hard-fought victory versus the "injuns" of Fullerton. From here on the Birds piled up 51 more points than their opponents in the seven remaining outings.

This year the Cards sent a J.C. team fieldward. Though they were administered a 28 to 0 defeat at the hands of Rosemead, the boys showed definite promise.

With co-captains Don George and Dave Crowther leading the way, the Varsity Cross-Country team climaxed a great year with another Championship for Coach Tom Phelan and the school of the Cardinals.

The lads of long wind scored only 15 points to defeat Fullerton and 18 and 22 to snag victories over Pasadena and Monrovia, respectively.

The year produced 10 lettermen which included Crowther, Christian, Aguilar, Maciel, Montgomery, Maxwell, Pace, Billings, and Ozaeda.

Phelan will see many of this year's squad leave via graduation, but will have many good boys up from the J.V. The J.V., though not in any formal league, did well this year. They were co-captained by Dave Canfield and Frank Vascaro.

. . . MASTERS OF THE DEEP

Water polo is becoming more popular every year at Whit-r. This evolved from top flight water polo teams Heber lloway has turned out. This year was no exception.

The Varsity polo-ists captained by Dalton and Osborne abbed 6 wins against 2 losses. In 8 games the Cards cor-ed 11.5 points to their opponents' 4.2. Despite this the "goal ters" could finish no better than 3rd place. Morris was top rer with 31 points.

The Bee's wound up in 3rd spot with 5 wins and 3 losses. Nees was the team's leading scorer with 11 points.

coring 77 digits against their opponents' 15, the Cees cap-ed a championship. Holloway's 21 points led the champs. Hap" Wier assisted Holloway.

Whittier fared good during the '51 season in the world's oldest sport, wrestling; placing second in their C.I.F. sectional tournament. Though scripless Morris Padia's lads were certainly not winless as they registered seven successes against three losses.

Boys who were entered in the C.I.F. sectional included: Frank Ripley 95 lbs., Bill Peel 103 lbs., Don Johnson 112 lbs., Bill Roderick 120 lbs., Frank Ozaeda 127 lbs., Mark Wagner 133 lbs., Henry Mallick 138 lbs., Rudy Dela Rosa 145 lbs., Eugene Hancock 154 lbs., Bill McMurtry 165 lbs., Melvin Scott 175 lbs., and "joltin" Gene LaVan, heavy.

McMurtry copped the trophy at the sectionals as the outstanding wrestler. Bill, along with Johnson, Roderick, Wagner, Peel, and Ozaeda, advanced to the finals. Here McMurtry and Johnson grabbed thirds, and Roderick a fourth.

The team was captained by Charles Callaghan, who missed the sectionls because of an injury.

BEE BASKETBALL

Steven Ellish's Bee Bucket Brigade didn't repeat as champions this year, but they did do the next best thing, tying for second.

In winning six games and losing four, the Bees finished higher than any other Casaba Crew representing Whittier this year.

Captain Trejo, Long, B. Zable, Grinsted, Jimenez, Davidson, Stanfield, and the rest of the boys liked to pour the points through the pot as shown by their 75 points versus Pasadena and 65 digits opposite Monrovia.

With the talent that Ellish will have returning from this squad plus the dribblers up from Cee and Dee ranks, the Bee boys shouldn't suffer too much next year.

The Cee Basketball Team under Art Hobson did much the same as many other teams representing Whittier did this year. That was to have a fair beginning and strong finish to an exciting season.

Inexperience cost the Cardinals many games. The experience picked up by the boys this year should, however, make the Varsity and Bee Teams some fine and well seasoned veterans next year.

The Cards knocked over El Monte in grand fashion to close their season. The score of this contest read Whittier 38, and El Monte 20.

DEE BASKETBALL

BOTTOM ROW: D. Deatherage, J. Jesse, J. Pickering, captain; D. Nankervis, J. Hickox, W. Oates. TOP ROW: D. Bruce, J. Hyndman, R. Osborn, B. Nielsen, D. Skinner, P. Lee, coach.

Dee Basketball though not one of the mos followed sports at Whittier, is one of the mos interesting. This year was most exciting an interesting for Coach Pete Lee, the Dee Bas ketball team and their loyal followers.

The Cards finished the season with five win in eight regular League contests for a .62 average. In these eight games the Whittie wrecking crew basketed 249 points compare to 221 for their opponents.

VARSITY TENNIS

The Cardinal tennis team had another fine contender for Pacific League leadership in 1951, but had to be satisfied with second place. The Cards dropped both of their matches to champion Monrovia 7-2 and 5-4.

Sam Bristol's Cards defeated every other team in the league by top-heavy scores, after a long string of victories in practice matches.

The Junior Varsity netters also had a good season marred only by two losses to the strong Monrovia Jayvees 7-2 and 7-2.

Members of the Card varsity included Haskell, Captain; Barringer, Eyler, Myers, Ramirez, Smith, Byrd, Course, Jimenez and Hamilton.

Whittier fielded a hustling baseball team
is year and though not in the running for
rst place the Cards were improving under the
uidance of Jack Mele and were anticipating
fast finish and a look in on first division.
Mele making his debut as Cardinal baseball
oach was pouring his well rounded knowl-
dge of the National Pastime into many inex-
erienced ears. But this tends to make for a
sy future at Cardinalville. Leading the pitch-
g corps was Tom Lambert, who threw a two-
tter past Monrovia to gain the Cards' first
eague win. Other chuckers were "Long" Lar-
Myer and Bill Ross. Catchers were Gabe
rm" Bryeans and Frank Scott. The infield
ent with Dick De La Rosa, Fred Bronell,
ankie Valencia, Don Zable, Joe Keltner, Carl
ouch, and Ned McKamy. The outfield con-
ined Dick Pickup, Don McIntosh, Paul Gotts,
iff Neilson, Art Peters, Bob Doflow, and Don
oorhees. Lambert and Gotts were honored as
uad captains.

The Varsity Swimteam was generally rated as the number three tea in Southern California at this writing. The Bee's and Cee's were still to b shown that they aren't the best teams in their divisions.

The '51 season saw seven varsity records bested, four of them by So thern California's best prep swimmer, Dan Osborn. Dan was a cinch be named on the all American swim squad. Other boys who took part record breaking efforts were Bill Dieter, and Ted Glidden. Varsity captai were Wade Askew and Ted Morris.

The Bee's were captaind by Dennis Casey and Bill Tempelton whi Byron Morris and Ray Sanford shared captain's duties for the Cee's.

All in all it was another fine season for Heber Halloway, Hap Weir a their men of the deep.

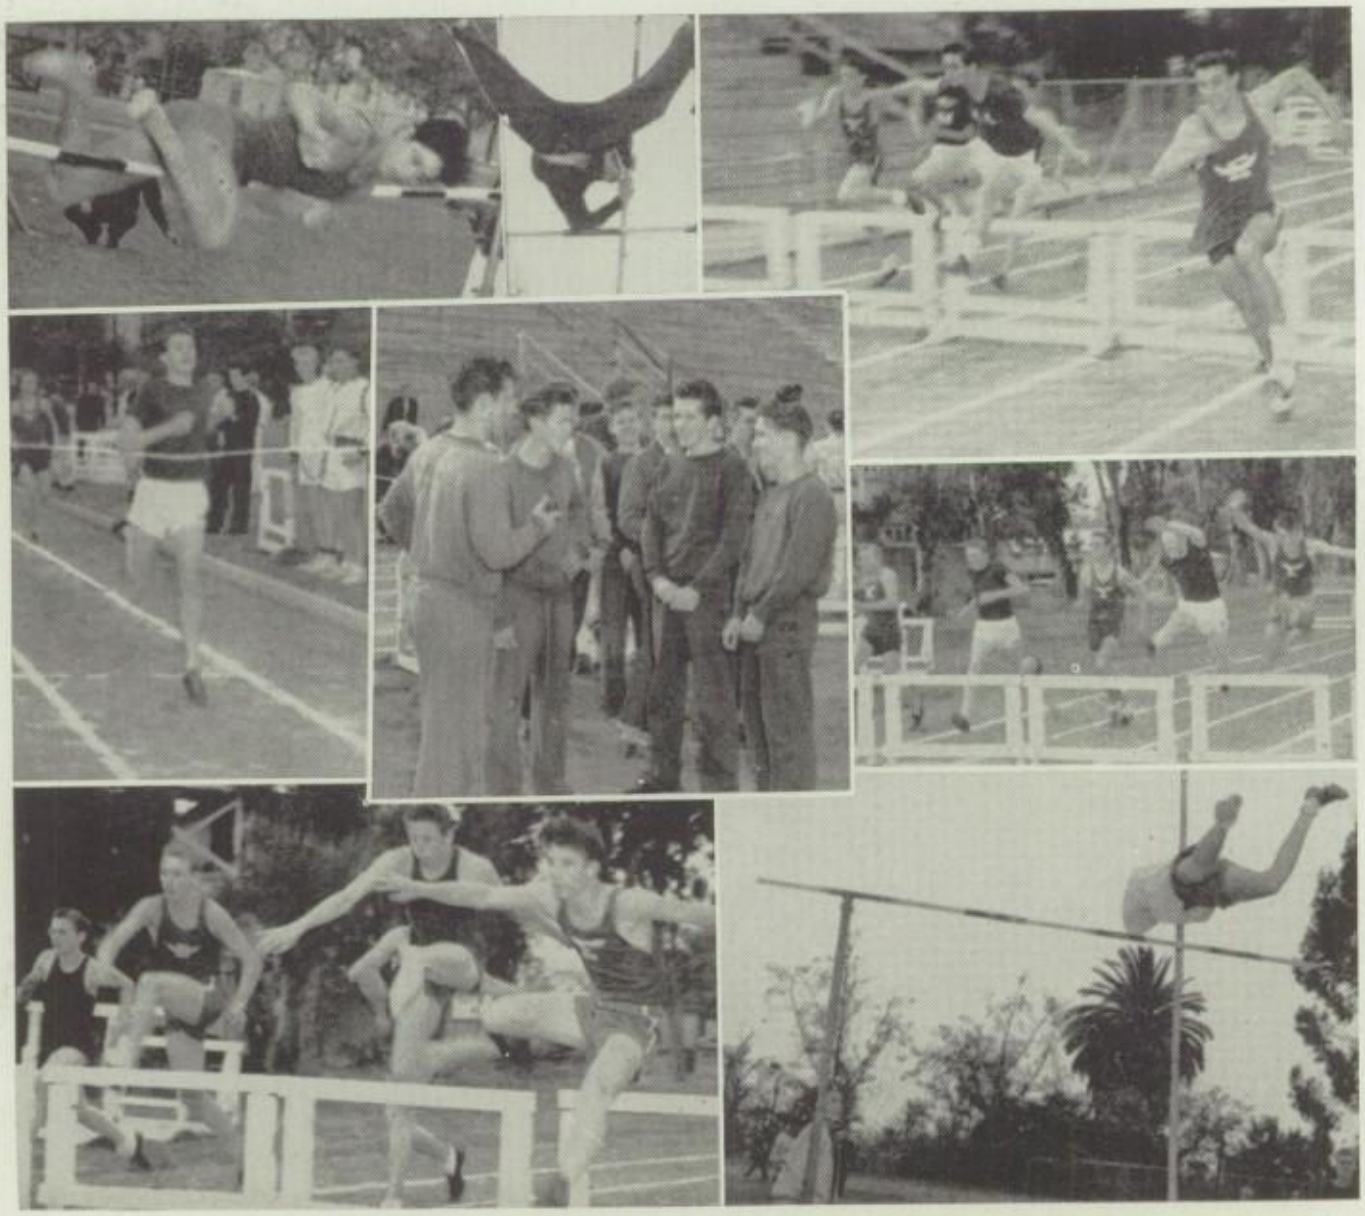
GARRETT, PHELAN



Whittier's Varsity track team, though not contention for league laurels, had its outsta ing contenders that made it rough for opp ing squads.

Leading the team was Captain Walter G rett who at the time of this writing had rec ed the second fastest 440 in Southern Cali nia prep circles. Walt's time of 50 seconds was registered at the Chaffey Invitational lays. Garrett also showed his heels to m of the league's fastest 220 stars.

Outstanding distance men included Garl Maciel and Frank Aguilar of mile fame Jereome Montgomery and Bob Christian, artists.

Dave Groot was Garrett's companion on once around the track trips with Don Ta and Dale McElroy sharing hurdle duty.

In field events the Card point getters w Jack Fox pole vaulter, Norm Hoover and liegh Neilson high jump, and Art De L broad jump.

Gene Weineger's Bee Trackmen finished the season with five wins and two losses, good for second lace in Pacific League competition.

The Cards lost a tough one to El Monte 48½ to 6½, but ran to a 76 to 19 trouncing of Alhambra nd a convincing 68 to 27 triumph over Excelsior.

The Cees compiled one win and four losses. Coach cLellan saw his boys lose to Alhambra by the eart-breaking tally of 38⅗ to 38⅖. The Cards' ictory was against Excelsior.

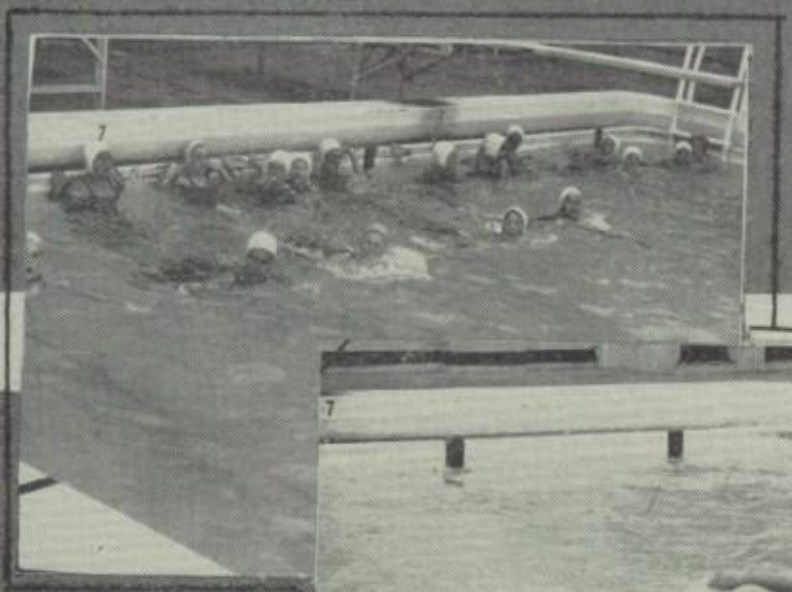
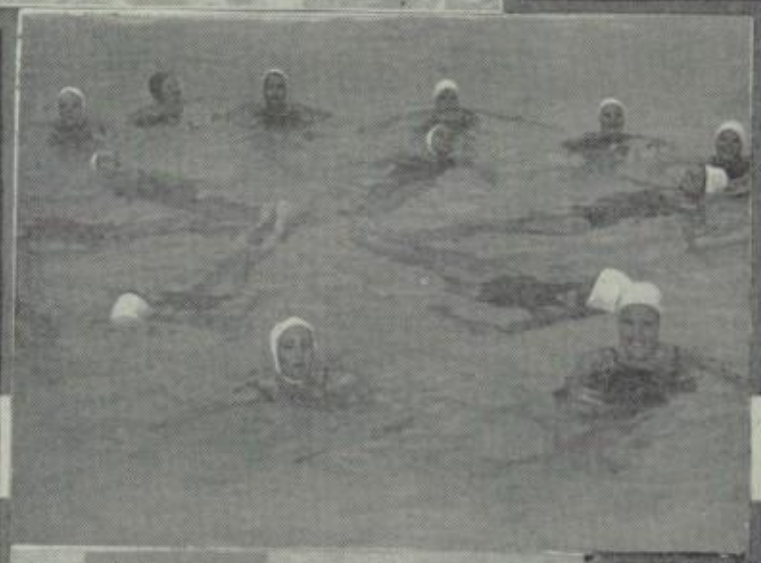
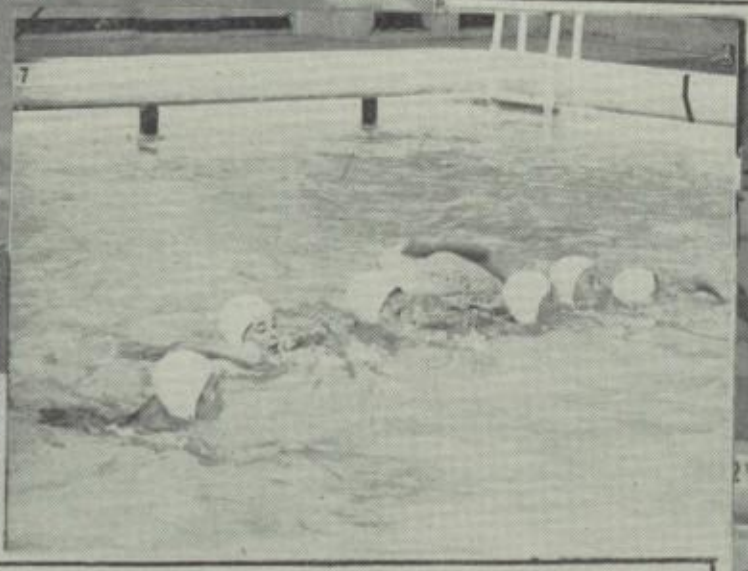
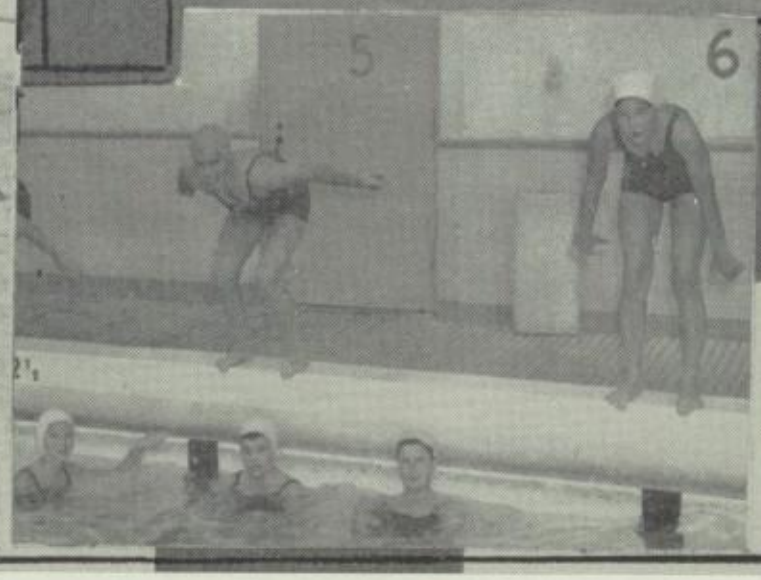
In reviewing the year before your eyes, we remember the G.A.A. play day "Sport Port." This big event was held during the early part of December. The Whittier girls threw out the life line to their fellow shipmates from El Monte, Montebello, Glendale, Monrovia, and Alhambra. They found companionship in the friendly competition of the many sports offered.





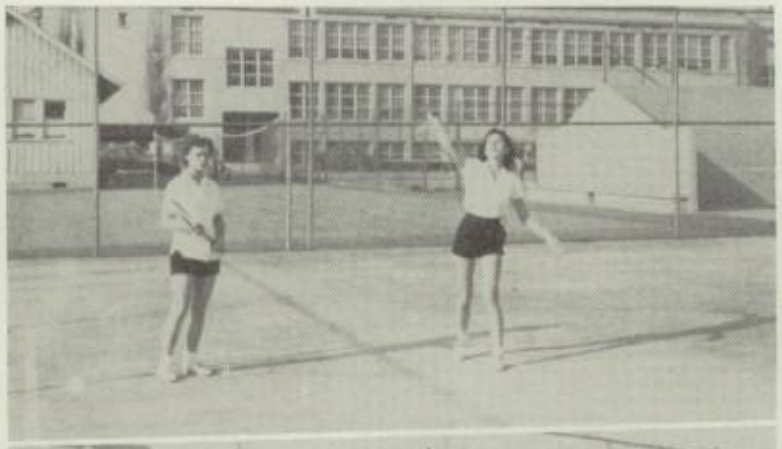




Splash! Splash! Splash! This is what could be heard every Wednesday as our G.A.A. girls went in swimming. Many of them went swimming for the fun of it, while the girls of the water ballet and swim teams were trying to perfect their stokes and speed.

The Advisers of the swim team, water ballet and recreational swimming were: Miss Mary Jane Owen and Mrs. Rhea. Making sure that everyone received credit earned was Manager Phyllis Williams.

TENNIS & SPEEDBALL



ROW ONE, left to right: M. Allen, P. Davis, F. Coleman, J. Harter, J. Votaw, J. Plummer, S. Reynolds, C. Collins, D. Warren. ROW TWO: P. Smith, J. Rees, J. Bradford, B. Pride, G. Sacquety, M. Chaney, D. Canter, M. Miller, N. Donnelly.

The goal of the G.A.A. is to provide after school recreation for every girl in school who is interested. Your G.A.A. has offered a varied program this year. It started off with the welcome assembly in October. It progressed with various sports, and in December the playday was the big event. The mother-daughter pot luck, noon movie, and the Annual Spring Banquet all came later on during the year.

The dream of every girl participating in after school sports is to become "W" wearer. This award is received by any girl who has participated in ten seasons in G.A.A.

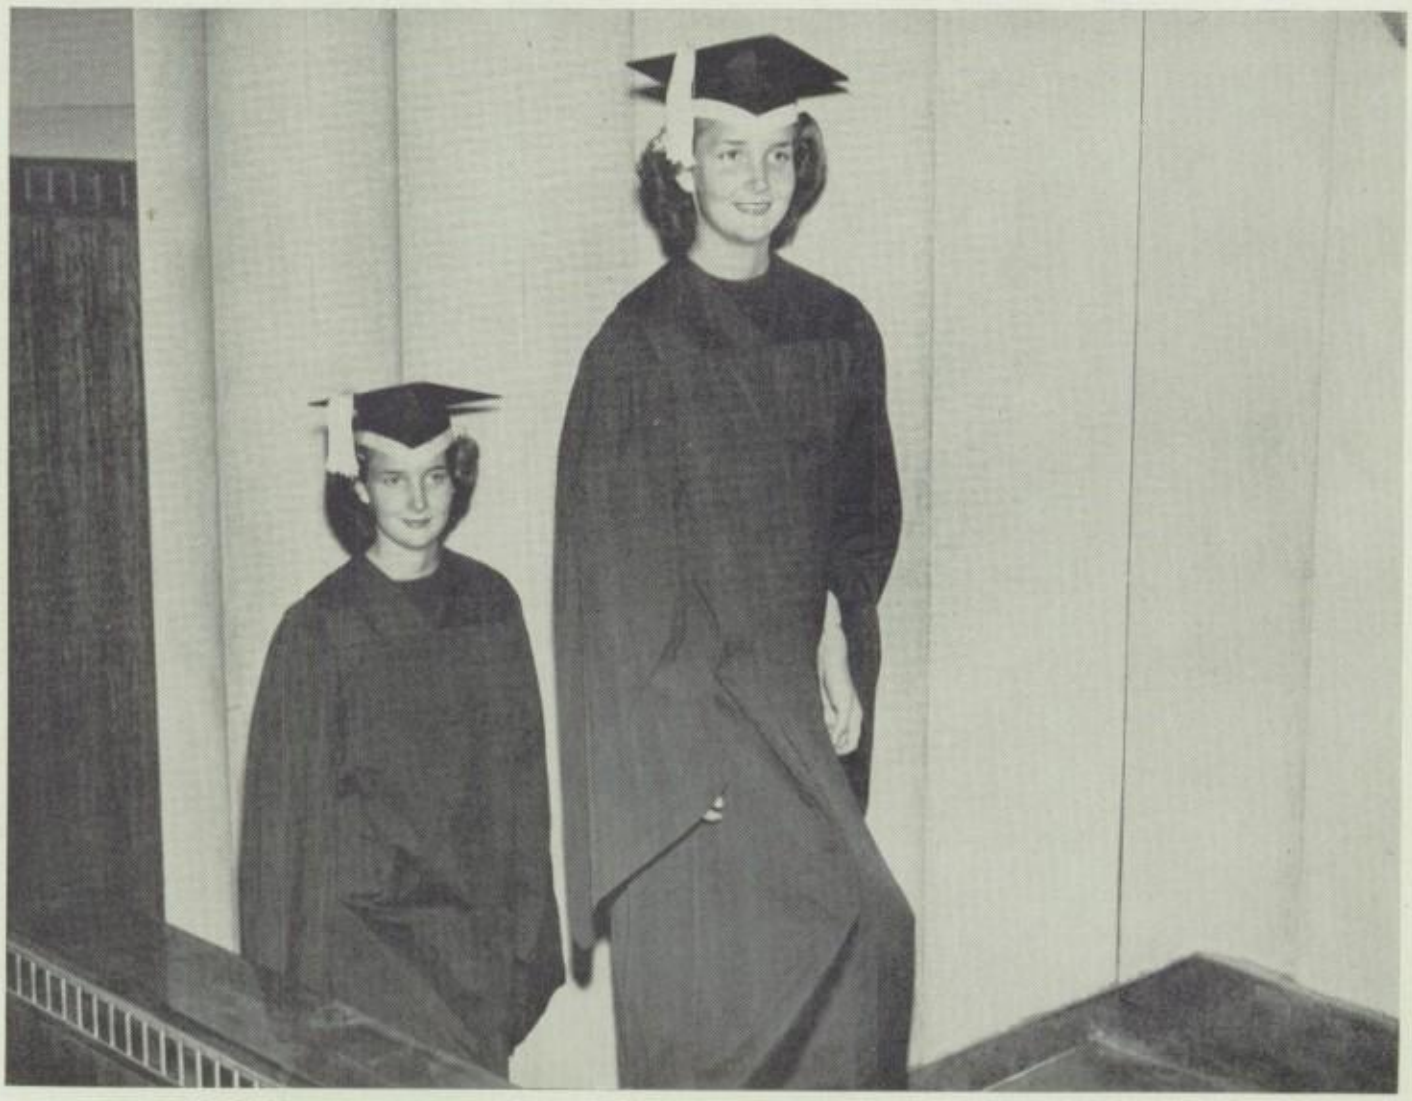
"Around the campus they are just the thing," say Kathrine Nelson and Bill Newson. Of course, they are speaking of the latest style school shoes available at **EARL DOUGLAS SHOE STORE,** 116 E. Philadelphia. Mr. Douglas carries also a complete line of dress shoes and purses.

It takes no convincing from Miss Nance and Louise McMillan to prove to Bonnie Hicks that this lipstick would be just the right shade for her. What goes with lipstick better than nail polish? At **HILL'S PHARMACY,** 191 N. Greenleaf, Revlon polish and lipstick are always available plus every other better known brand. Girls remember for that extra touch go to Hill's.

"Now let me tell you—." "But really we don't have to be sold on the Times," is the return statement of Lee Smith and Don Zabel when the Times salesman starts his sales talk. The couple knew when they entered the **TIMES,** 108 N. Comstock, that all they wanted was another subscription. They like the latest news as well as the funnies.

As graduation rolls around, Jean and oan Moore begin to review their years at Whittier High. They have dance souvenirs, ootball programs, and weekly papers to ring back memories. But, their most trea- ured article, their senior graduation pic- ures taken by **BARTON'S,** 154 North Green- eaf, remind them—and will always remind hem—of fun, happiness, and Whittier Union High School.



Planning for the future are Jim Coleman, Betty Clouse, Dot Hostetter, Charles Challaghan, Jean Bolick, and Dwight Brown, as they inspect the beautiful golden-hued Dirilyte at Upton's Jewelry; this tableware and holloware is unconditionally guaranteed for a lifetime of carefree use. Upon showing your '51 annual at **UPTON'S JEWELRY STORE,** 132 East Philadelphia, you will receive $2.00 credit on any $5.00 or more purchase. This offer void after June 30, 1952.

Which shall we get? That is the big question in the minds of Betty Russell and Rom Reeder. Betty prefers the multi-color dish, while Tom thinks the rabbit would be nicer. They may never come to an agreement, but if you go to the **GRAY GIFT SHOP,** 128 E. Philadelphia, you will agree with them that it is the place for gifts for all occasions.

Just right now, and always just right. This little slogan describes the dresses that are being enjoyed by Norma Doell, Jeanie Russell, and Maureen Moriarty. The girls know that the dresses they purchase at **TIBBETT'S,** 101 S. Greenleaf, are practical for all occasions, not just one. To supplement your wardrobe go to Tibbett's.

"This spray of flowers would look beautiful on my dance dress." That is Bonnie Nelson's opinion and judging from the expression on Paul Jordan's face, he agrees. But, of course, they know that it would be hard not to find the flower for the all important occasion at **MALIN'S,** 222 E. Philadelphia. Malin's carry vases and floral decoration as well as flowers.

Alan Aldrich likes knitted socks, and Louise Sayer likes to knit socks. When Louise knits flashy socks, she uses bright colors, wool yarn, nylon yarn, and many times angora. She discovered that the best colors and yarns are found at the **KNITTING SHOP,** 107 E. Hadley.

Barbara Burton wears hats to church, teas, garden parties, and on shopping trips. In order to find the right hat for the occasion at hand, Barbara considers price, color, appearance, and quality. Because her hat standards are high, she always finds the best hat at **AILEEN'S,** 218 E. Philadelphia.

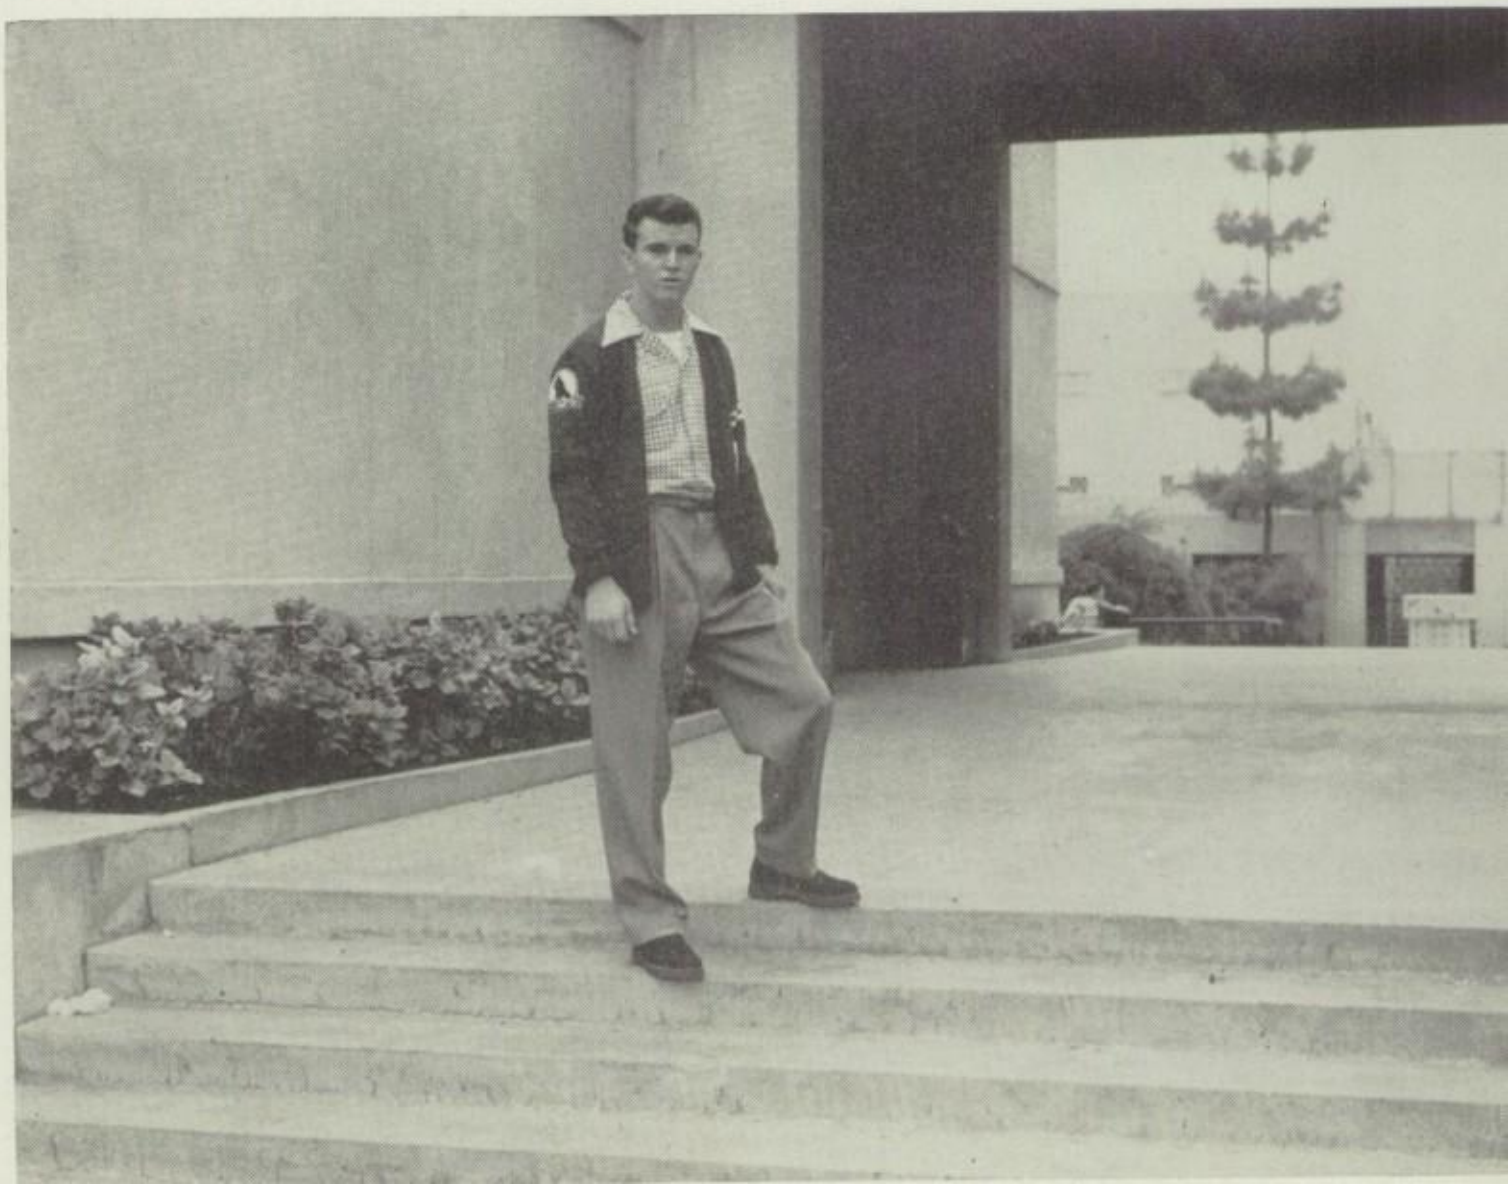
Gayle Bitterman isn't usually a bookworm, but she has been lately. Since the day she went into the **WHITTIER BOOKSTORE,** 125 No. Greenleaf, she has spent many pleasant hours reading. Gayle discovered also that she can purchase stationery, greeting cards and writing supplies at the bookstore.

Irene Davis is admiring Dick Pickup's new flannel slacks he has purchased from Horseman's. As you can plainly see these slacks are of the finest quality material and workmanship and a very reasonable price. For a clothing purchase you will be proud of it's **HORSEMAN'S,** 159 North Greenleaf.

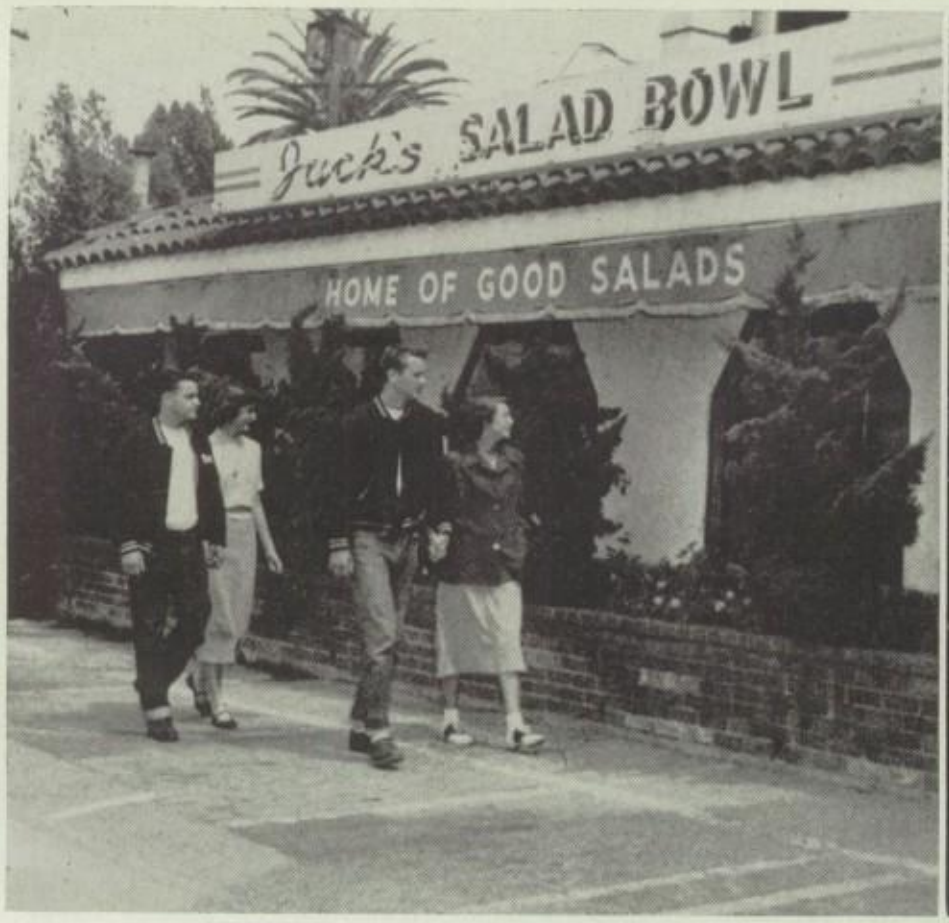
From television to paint they are all carried at **FARMER'S HARDWARE.** All quality lines of merchandise are carried. Stan Sievers and Phoebe Hayden are seen admiring a fine Philco television, just one of the many fine television sets carried by Farmer's, 180 N. Greenleaf, Whittier.

Here you see Cliff Nielson, all set to go out on a big date. This fellow knows good clothing as you can tell by the latest style in slacks, he is wearing. Cliff has purchased these clothes from Hill's Clothiers.

For well known names in the clothing field, quality workmanship, and a price just right, your best buy is **HILL'S CLOTHIERS,** 127 East Philadelphia.



Jim Pendleton, Donna Yeager, Shirley Sherwood, Neville Bennett, Maud Lesh, and Charles Course—all agree: for those wondrous trips to Bal and Crestline, you ride in style if you own a new Mercury. This is the '51 Mercurry Convertible, from Urichs-Gibbs. It combines style with ease of handling and economy . This convertible can be seen at **URICHS-GIBBS.** Whittier Lincoln-Mercury Dealer located at 101 East Whittier Blvd.



This looks like a nice place to eat.

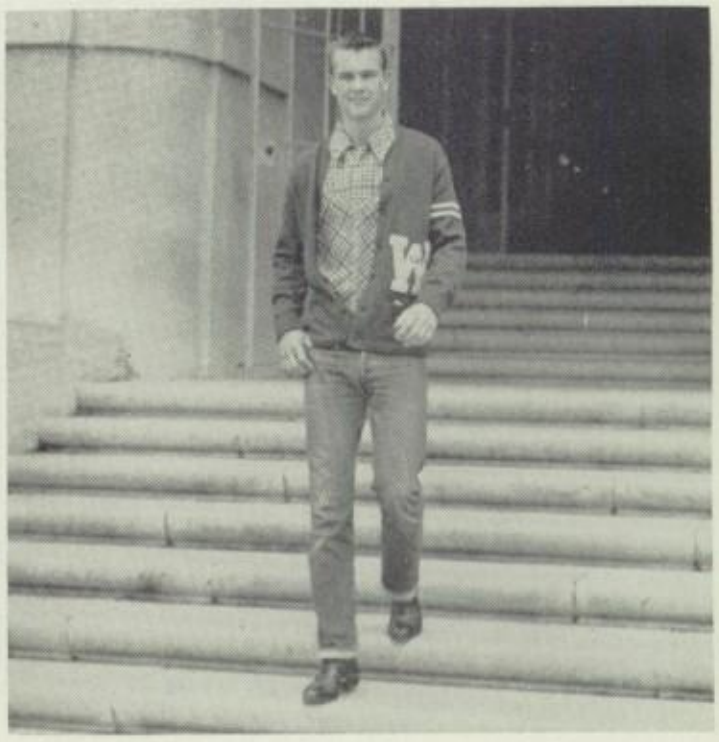
This is a good place to eat.

Do we feel good full!

Yes, it takes experience in eating to know if the food is good. Karen Nordstrom, Mahlon Conly, Brenda Sorey, and Doug Rassmussen know from experience that **JACK'S SALAD BOWL,** 1527 W. Whittier Blvd., is the place for food. They tried it once, and from then on whenever going to eat, they go to Jack's.

Clean versus dirty. Carol Wintz is seen coming out with her clean clothes. They are clean and look like new. But, although Phyllis's clothes are dirty now, thy won't be for long. Phyllis McKenzie knows that hers will also be clean in just a few hours. For clean clothes both girls patronize **MODERN DAY CLEANERS.** 11510 Whittier Blvd.

"Gee, I didn't think any barber could be so good," remarked Jolene Strong to Mr. Johnson. Since Jimmy Dysert had to look special for their special date, Jolene came along to see his hair cut. She found out that at **STEVE'S BARBER SHOP** Jimmy got the best haircut for less; there is a special for high school boys.



Stepping down the stairs of the Administration, is Mahlon Conly, one of Whittier High's fine football players. But when buying sports equipment Mahlon knows the place to go, and that is Sportsman's Paradise, where you can obtain Voit, Willson, and all other name brands in the quality sporting goods line. For your sports needs see **SPORTSMAN'S PARADISE,** 227 West Philadelphia.

"Oh, good, Bal is here at last!" That is the words and feelings of Pam Brink and Carol Crosby as they select their luggage and sport equipment for the outing. The girls are looking for the week's necessities at **MONTGOMERY WARD,** 181 N. Greenleaf, because they realize that for lasting wear and pleasure they can't go wrong here. They can purchase also the clothing suitable for the week.

Paul Gotts, Nick Klemm, and Robert Huffman didn't realize the city was growing so much until they were above the city looking down on it. With so many new houses, the boys are convinced that this is the area they would like to live in and work in. By investing their savings in **WHITTIER BUILDING AND LOAN,** 210 E. Philadelphia, they can secure their future in Whittier.

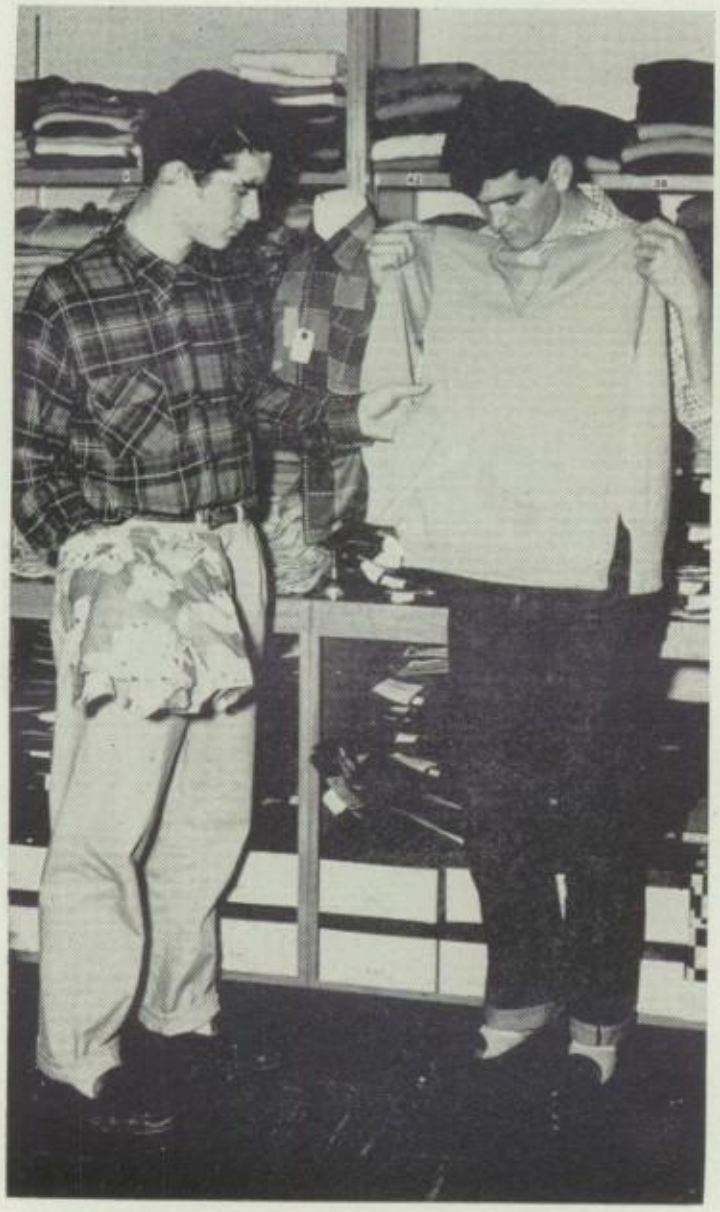
Have you ever wondered why Bailey street was named Bailey or just who Mr. Hunnicutt was? Jody Bruce and Lorne Garrettson have. They went to the **WHITTIER CHAMBER OF COMMERCE,** 108 S. Washington avenue, and received maps, booklets, and folders that contained the answers to all their questions. Now, they wonder no longer.

For insurance, escrow, rental, or sales—you will find, as Dick Johnson has that **MACNIEL'S,** 144 E. Philadelphia, is a fair place with whom to deal.

After a walking tour of the zoo and a shopping trip down town, Beverly Jesse, Helen Fitzgerald, and Bobbie Eyler know the importance of comfortable and nice looking shoes. They know also, that the store to solve their need for foot comfort and looks is **GREENWOODS,** 161 N. Greenleaf.

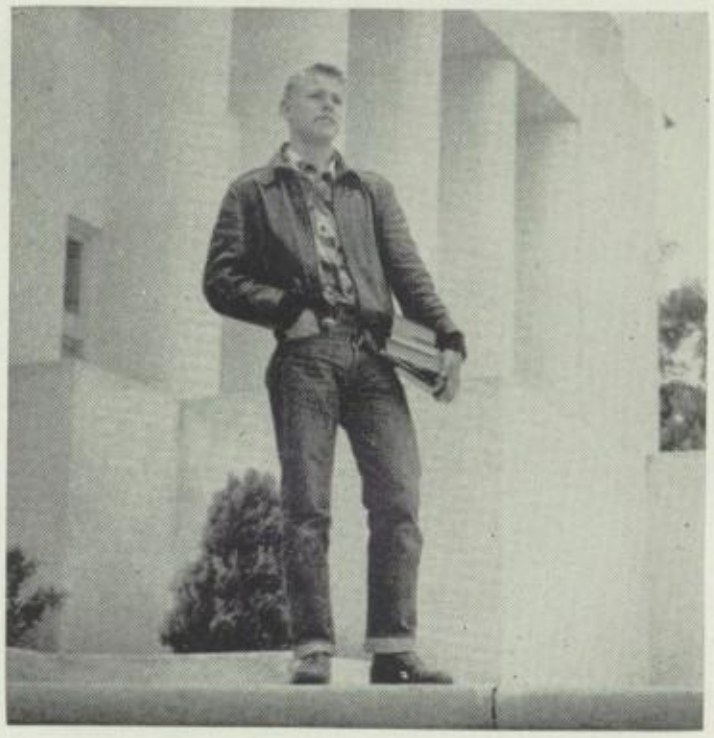
Oh, dear, graduation gifts. That may be the attitude of some, but not of Jackie Pelton and Lee Taylor. They discovered that **STUART'S,** 140 W. Philadelphia, is the place to find and buy gifts and greeting cards for all occasions. Mr. Stuart caters to you, a high school student.

Julie Weiler is going to be right in style with her new flowered shirt. Ruben Martinez has already purchased his shirt, but still he would like to have one like Julie's. They are only two of the many people who know their clothing needs are met in the highest of fashion at **PENNY'S,** 142 N. Greenleaf. You can buy everything there.



With the turn of the seasons, the boy's clothes also change. Max Strayhorn is looking ahead, while Gilbert Moreno is remembering those cold nights. But no matter what the season, the fellows can find the clothing that will serve their purpose as well as look nice at **JERRY'S,** 146 W. Philadelphia.

Elliot Longacre, a very studious lad, knows a good buy when he sees one. He knows also where to go for smart bargains in Levis or sports clothing. **TAYLOR'S** is just this place, located at 165 S. Greenleaf avenue.



Spending a lovely day in their lovely dresses are Marcia Flaxman and Pat Butler. The girls know that though their dresses are pretty, they are also comfortable. For the dresses that look nice and are very comfortable shop at **BALLARD AND BROCKETT,** 200 E. Philadelphia.

Now that spring is here again, picnics are right in style. Elaine Clinch and Richard Engle are enjoying themselves on a Sunday afternoon in the park. The last and most important stop before the park was **ORCUTT'S GROCERY,** 137 E. Philadelphia, there they purchased all the eats for the day.

Look at the boys with the horns. These musically inclined fellows are Roger Myrick and Ken Fleshman. The gentleman who is showing them all the notes is Mr. Waer of **WAER'S MUSIC STORE,** 121 W. Philadelphia. With the musical knowledge of Mr. Waer, his instruments, sheet music and records, the boys know they can get the best that music has to offer.

A familiar sight around campus — Danny Spencer and Ronnie Sneddon. These two fellows are very careful dressers, they always insist on fine clothing, the best of material, and workmanship. For these qualifications and many more see **HECK'S CLOTHING,** 159 North Greenleaf avenue.

EDITOR'S NOTE

Aside from being a year of classes, society, activities, clubs, and sports, it has been a year of work for your annual staff. We first met in the fall to talk over the early problems of putting out an annual. By winter we were well on our way toward drawing up page layouts. Spring came to remind us that all our photography work must be completed, copy and headlines written. This year has been a year of growth for everyone, for we have grown in thoughts, ideals, and experience.

We were happy most of the student body was able to purchase their annuals, but from the sales we could tell that many did not. Since we must order the annuals early in the year and know the approximate number it is almost impossible to have an "end of the year sale."

I wish to thank all of the '51 CARDINAL staff for their hard efforts put forth toward the publication of the 1951 CARDINAL. Pamela Brink, Julie Weiler, and Carol Crosby who so ably handled the Opening section. Kenny Fleshman, Roger Myric, Carol Wintz, and Carolyn Miller for their outstanding work on the Senior section. Bev Jesse, Bob Eyler, and Ted Cooper in the Class section. Ardyce Green and Bob Huffman for their very clever layouts in the Society section. Paul Jordan, Harriet Utley, Donna Yaeger, and Clark Brott for covering the Clubs and Activities section so well. Charles Course, Phil Fenton, Paul Gotts, and Nick Klemm in Boy's Sports and Phyllis McKenzie in Girl's Sports. Bonnie Nelson and Jim Coleman for their work in the Advertising section. Dick Johnson, Richard Engel, Henry Primanti, and Bob Pinder, our photographers, for their fine photography work. Miss Betty Blakesley, student teacher, for her cooperation with all sections.

I want to express my deepest thanks to Mr. Paul Gardner, Advisor, for without his constant help and assistance we would have been lost. He worked many extra hours helping us put out our annual, and we appreciate it.

I would also like to thank Mr. Barton, of Barton's Studios, for his help in photography. Mr. Grane, of Stationers Corporation, and The S. K. Smith Publishing Company for the covers.
